DATE: APRIL 18, 2017

TURN IN DEADLINE: JUNE 19, 2017

The results from our engineer state that the addition of a meter at the requested location has been approved, provided system upgrades are made.

In order to become a member of the corporation and set your meter, you must complete a Service Application and Agreement, provide proof of ownership by Deed of Trust, Warranty Deed, or other recordable documentation of fee simple title to real estate to be served. (Texas Water Code 67.016 (d)), (Texas Water Code 13.043 (g)).

The proposed cost for the water meter, provided the meter location is within five feet of the main distribution line:

Membership Fee:	\$ 250.00
Installation:	\$ 800.00
Customer Service Inspection:	\$ 100.00
Buy In Fee:	\$ 950.00
Impact Fee:	\$ 1600.00
Estimated Cost:	\$ 3,700.00

An additional charge of \$1,500.00 will be necessary for a Road Bore in order to install the meter at the proposed location. This would make the **total cost to service the property \$5,200.00**

This approval is valid through the turn in deadline at the top of the page, provided the applicant pays all required fees established by Southwest Milam WSC and becomes a water customer within that period of time. Please note that payment for meter sets can only be made with cash, check, or a money order. Debit or Credit transactions will not be accepted.
