Re: 1300 Avenue I N.W.
Childress, TX 79201

On September 9 - 19, 2014, Falls Foundation Repair, LLC:

Installed 31 concrete pressed pilings to refusal using steel interlocking pins;
Removed haydyke block supports;
Raked clean understructure;
Reset and re-shimmed floor elevations using steel shims; and
Performed final plumbing test.

All work has been completed to the customer's satisfaction and no further work is due under this contract.
