SUNTEX FULLER CORPORATION, hereinafter called "Declarant" or "Developer" is the Owner in fee simple of certain real property located in Brazoria County, Texas, said property being known as Savannah Plantation Subdivision Section III, as per plat thereof of record in the plat records of Brazoria County, Texas.

Subject property is now divided into smaller parts or tracts, the total of which will hereinafter be referred to as the "Project", or as SAVANNAH PLANTATION, Section III, hereinafter described in that certain plat, platted and recorded in Volume __, pages __ and __ under the County Clerk's File Number _____ of Brazoria County, Texas.

Suntex Fuller Corporation is hereinafter-called Owner, Developer, Suntex, Declarant or authority.

Know all men by these presents that said property is hereby subject to these restrictions, covenants and conditions of record, and are hereby placed under the restrictions, covenants and conditions as set forth in this document.

For the purpose of enhancing and protecting the value, utility, attractiveness and desirability of the tracts constituting such project, Declarant hereby declares that all of the real property described above and each part thereof shall be held, sold, and conveyed only subject to the following easements, authority, covenants, conditions and restrictions, which shall constitute covenants running with the land and shall be binding on all parties having any right, title, or interest in the above described property or any part thereof, their heirs, successors, and assigns, and shall inure to the benefit of each Owner thereof.

The reference in a deed stipulating the conveyance to be subject to these covenants citing the recording information will make the property subject to these covenants the same as if they were written in the deed and all conveyances of any lot, plot, tract, or parcel of land as set forth in Section III above described, will be subject to these Covenants.

ARTICLE I
DEFINITIONS

Section 1. "Association" shall mean and refer to SAVANNAH PLANTATION PROPERTY OWNERS ASSOCIATION, its successors and assigns, or corporate entity of similar name as created by Developer, also called P.O.A.

Section 2. "Declarant" shall mean SUNTEX FULLER CORPORATION, its successors and assigns, provided such an assign acquires the project in total, or the remainder in total for purposes of development and sale. Declarant may be referred to as Developer.

Section 3. "Tract" shall mean any plot of land as is divided or re-divided within the project.

Section 4. "Maintenance" shall mean the exercise of reasonable care to keep buildings, roads, landscaping, lighting, drainage, irrigation systems, commons and other related improvements and fixtures in a condition comparable to their original condition, normal wear and tear excepted.

Section 5. "Member" shall mean every person or entity that holds membership in the Association. Each purchaser of property in the project becomes a member of the association upon such purchase.

Section 6. "Mortgagee" shall mean a holder of a bona fide mortgage or a beneficiary under or holder of a Deed of Trust.

Section 7. "Mortgage" shall mean a bona fide mortgage, a Deed of Trust, or a Vendor's Lien.

Section 8. "Authority" shall mean that authority as created herein and vested in the Association or in Developer for future vestment into the Association.

Section 9. "Board" shall mean the Board of Directors of the Association.

Section 10. "Drives" shall mean any common area reserved for use by all Owners for vehicular traffic.

Section 11. "Commons" shall mean any property reserved for or dedicated to the common use of all property owners, or established through easements across tracts, or any properties leased for such purpose.

Section 11.A. "Specific Commons" shall mean any property reserved or dedicated to the common use of a limited specified group of property owners in a designated section, block, tract or group of lots as designated upon the plat or otherwise identified by recorded document.

Section 12. "Owner" shall mean the record Owner, including Declarant, whether one or more persons or entities, of fee simple title to any tract which is a part of the project, and shall include purchasers under contract for deed, but shall not include those holding title merely as security for performance of an obligation.

Section 13. "Project" shall mean the real property described herein, and such additions thereto as may be brought within the Jurisdiction of the Association as hereinafter provided.

Section 14. "Vote" where one vote per acre is stated herein, it will mean one vote for a full acre and/or a fractional vote for a fraction of an acre, i.e., a 1/4-acre ownership will count as 1/4 of a vote.

Section 15. Architectural Control Committee (ACC), a committee to approve and/or disapprove construction plans.

Section 16. Easements shall mean any easements or rights of way created by plats or instruments placed of recorded or as described in any deed for any purpose including but not limited to drainage, utilities, access or commons.

ARTICLE II

EASEMENTS, DRIVES, ROADS, AND PRIVATE ROADS

Section 1: Public roads, private roads, drives, or access easements and easements for installation and maintenance of utilities, irrigation and drainage, are established by separate instrument or instruments of record or to be placed of record in the office of the County Clerk and as hereinafter set forth. Within such easements and private roads, no structure, planting, or other material shall be placed or permitted to remain which may damage, interfere with, or change the direction or flow of drainage facilities in the easements, or which may interfere with passage along such common or private road easements or which would interfere with maintenance thereof. The easement area of each tract and all improvements therein shall be continuously maintained by the Owner of such tract, except for improvements or maintenance of which a public, private, or quasi-public authority or utility company is responsible. Easements established as commons for greenbelts, riding trails, hiking trails, utilities, etc. will be maintained by the association and may not be fenced into private property except as hereinafter prescribed.

Section 2: No dwelling unit or other structure of any kind shall be built, erected, or maintained on any such easement, reservation, or right of way, and such easements, reservations and rights of way shall at all times be open and accessible to representatives of the Authority, to public and quasi-public utility corporations, their employees and contractors, and shall also be open and accessible to Declarant, its successors and assigns, all of whom shall

have the right and privilege of doing whatever may be necessary in, or under, and above such locations to carry out any of the purposes for which such easements, reservations, and rights of way are reserved.

Section 3: The Association, through its duly authorized employees and contractors shall have the right, after reasonable notice to the Owner thereof, to enter any tract at any reasonable time to perform such maintenance as may be authorized herein.

Section 4: The private drive or roadway easements as set forth herein or by separate instruments or as established within the commons upon the ground, are for the private use and benefit of the Owners of the tracts within the project as therein prescribed, and under the conditions as therein set forth, and are not dedicated to the general public.

Section 5: The Declarant/Developer or the Association in its authority may take unto itself or execute unto any fresh water supply, electric utility, gas utility, telephone or other utility entity right of way easements in the form and under the conditions as may at that time be required by said entity as a prerequisite to service of this project with fresh water, electricity, gas, telephone, TV cable, or other utility or service.

Section 6: The Declarant/Developer or the Association in its authority may take unto itself or execute unto others right of way easements in the form and under the conditions as at that time may be required by said entity to distribute to each and every tract herein water for the purposes of consumption, irrigation and/or to provide drainage, electricity, gas or other utilities service.

Section 7: It is understood and agreed that the easements granted herein and to be granted hereafter are reserved as permanent easements for the purpose set forth and are not subject to the time limit applicable to other restrictions.

Section 8: There is hereby dedicated to the property owners but not unto the public a commons 20 feet in width along the rear of each lot as surveyed and described by metes and bounds. This commons is dedicated as an easement for the use and benefit of the owners and their guests as a greenbelt for horseback riding, hiking and biking and for any other purposes as prescribed by the P.O.A for utilities, drainage, or other purposes serving the subdivision or owner of lots in the subdivision. Except however this 20-foot reservation does not apply to any lot backing up to or fronting on a waterway.

Section 9: Reserved.

Section 10: There is hereby dedicated to the property owners in common and to any utility company serving these tracts with water, gas, electricity, cable TV or any other utility or service, an easement 25 feet in width adjacent and parallel to the roadway on which each tract fronts. This easement includes a 10 foot utility easement and a 15 foot drainage easement upon the ground and the utility easement extends to 25 feet above the ground. This easement extends from the boundary of the roadway into and upon the adjoining property. There is further reserved an easement 40 feet into the property adjacent thereto solely for the purpose of installation of guy wires where necessary for securing utility poles.

Section 11: There is hereby-reserved 10' utility easements along side, each tract of land, running the entire depth of the property. Said easement is for the specific purpose of facilitating utility service for the property owners. This easement is upon the ground and extends upward as needed.

Section 12: Reserved.

Section 13: Reserved.

ARTICLE III **ARCHITECTURAL CONTROL**

Section 1: No external improvements or changes shall be erected, placed, or altered on any tract until the construction plans and specifications and a plan showing the location of the structure, and a complete plan of sewer system showing relation to tract lines and water lines, water wells, or water sources, and a complete plan showing construction and location of water well and lines has been approved by the Architectural Control Committee as to quality of workmanship and materials, harmony of external design with existing structures, protection of the environment, and as to location with respect to topography and finish grade elevation. Approval shall be as provided herein.

Section 2: The Architectural Control Committee is hereby authorized to enforce any building or fire codes, or any rules, restrictions or requirements concerning the construction of buildings, sewer systems and water systems in this project, said requirements have been made by any local, county, or state Authority, or otherwise, having the legal authority to make such requirements. It is further stipulated herein that the Architectural Control Committee is empowered to require fire walls to be constructed as wall sections in contiguous housing, should such type housing in the future be allowed, wherever said Architectural Control Committee deems that such requirement is necessary or beneficial to the safety and preservation of property or life. Such requirement would be made based on the requirements of municipalities of the area or some other standard code ordinarily pertaining to the construction industry.

Section 3: The Architectural Control Committee is composed of three persons appointed by the Board of the Property Owners Association or by Developer in the interim. In the event of death, dismissal, or resignation of any member of the committee, the remaining members shall have full authority to designate a successor, subject to approval of the Association Board. Neither the members of the committee nor its designated representative shall be entitled to any compensation for services performed pursuant to this covenant except as is budgeted and approved by the Association Board.

Section 4: **Procedure** - The committee's approval or disapproval as required in these covenants shall be in writing. In the event the committee, or its designated representative, fail to approve or disapprove within thirty (30) days after plans and specifications have been submitted to it, provided they do not violate these covenants, approval will not be required and the related covenants shall be deemed to have been fully complied with; however, any building or improvements placed upon a lot herein that was not presented to the Architectural Control Committee for approval prior to start of construction or placement will be in violation of these restrictions and may be removed by the Architectural Control Committee at the property owner's expense. If the P.O.A. pays for such removal, the cost, plus interest will become a lien upon the property.

ARTICLE IV

USE RESTRICTIONS

Section 1: With the exception of commons or reserves, all tracts in this subdivision are designated as residential home sites for single family dwellings with one attached or detached servants or guest house.

Section 2: Any primary dwelling constructed on said tracts must have a floor area of not less than 2,000 square feet, exclusive of open or screened porches, terraces, patios, driveways, carports and garages, and shall be constructed of at least standard frame construction. Any primary dwelling construction on any lot must include a minimum two (2) car garage, which may be either attached or detached. If any building is set on blocks or piers, it shall have an outside or perimeter beam of brick or concrete on all sides of the building. Any such structure must be completely dried in within 6 months of beginning of construction.

2A. Servants or guest quarters constructed on any tract will be of at least standard frame construction and designed in harmony with the primary dwelling. Servants or guest quarters will be subject to the same construction requirements set forth in Section 2 of Article IV herein except that servants or guest quarters may contain as little as 1,000 square feet and may not be constructed prior to construction of primary home. The servants or guest quarters may be constructed above a garage if so desired, so long as the quarters contain a minimum of 1,000 sq. ft. living area excluding open or screened porches.

Section 3: No structure of a temporary character, trailer, basement, tent, shack, garage, or other outbuilding shall be used on any tract at any time as a residence, either temporarily or permanently. Outbuildings shall be permitted in the project. Storage buildings may not be utilized as residences on the tract.. Any building of any type must be approved by the Architectural Control Committee. No building of any kind may be built on any lot prior to the construction of the primary dwelling.

3A. Stables and outbuildings will be constructed of a design and materials in keeping with the dwelling on the tract. Plans and specifications must be submitted to the Architectural Control Committee and approved as herein set forth for all buildings and structures included but not limited to:

- | | |
|---------------------|------------------------------------------------------------|
| 1. Primary dwelling | 5. Guest or servants quarters |
| 2. Barns | 6. Pool Houses |
| 3. Stables | 7. Well Houses |
| 4. Sheds | 8. All other structures including pens, fences, and Gates. |

3B. Purchasers agree that should Purchaser elect to build a fence across the front of Purchaser's lot, in front of the primary dwelling, Purchaser will first present a drawing and description of said fence to the A.C.C. for approval. Such a fence will be required to be a 3-board fence painted white for conformity and must have the entrance set back from the edge of the pavement at least 25 feet to allow clearance of the roadway by vehicles.

Section 4: No tract shall be used or maintained as a dumping ground for rubbish or trash, and no garbage or other waste shall be kept except in sanitary containers. All equipment for the storage and disposal of such materials shall be kept in a clean and sanitary condition.

Section 5: Animals:

- 5A.** Any estate may keep, breed and raise horses so long as they are not allowed to become noxious or offensive to the neighborhood or adjoining properties as ruled by the Property Owners Association.
- 5B.** No goats, sheep or livestock, may be raised on any tract, nor shall any tract be used to commercially raise chickens, ducks or any fowl or emu. Only one horse will be allowed per acre.
- 5C.** No tract may be used to raise, house, or train dogs commercially, or keep any creature that may be noxious or offensive to the neighborhood as determined by the P.O.A. All such animals shall be fenced in or on a leash, if outside fence or home.
- 5D.** There may be no activity or condition on any property that is noxious or offensive to the neighborhood.
- 5E.** Noxious or offensive as used herein means a condition determined by the P.O.A. to be so.

Should an owner wish to appeal such a designation made by a board or committee of the P.O.A. that owner may call for a vote of the members of the P.O.A. In which case, the property owners will vote by ballot within 15 days of notice by the owner. Ballot may be by mail or in person; at called meeting, members may give their proxy to other members with or without instructions as how to vote. In case of such an appeal, the vote of the membership will decide and the membership may impose a penalty upon the violator of no more than \$100.00 per day the violation continues after the vote.

Any penalty assessed will become a lien upon the property of the violator. Penalties will be paid, plus legal fees, to the association for collection thereof. All income from penalties will be used by the P.O.A. for construction of community improvements.

Section 6: No abandoned or inoperative automobile, other vehicle or trailer shall be permitted to remain on any tract or in front of any tract. This is not to be construed to mean that personal campers, boats, tractors, trailers,

recreational vehicles, etc. in good and usable condition may not be kept on premises; however, campers, trailers, boats, tractors and utility vehicles of every nature must be kept to the rear of the main house or in a garage, shed or other suitable building.

Section 7: No commercial activity other than that of permitted livestock shall be conducted on any tract. Raising of trees or farm produce is not considered commercial provided that the tract is also being used as a residential home site.

Section 8: It is hereby specifically stated that to rent space to campers, recreational vehicles, trailers, or other units for occupancy or storage or to maintain stables, kennels or space for rental to others is considered commercial operation for purposes of these restrictions, and is not permitted.

Section 9: No dwelling or garage shall be placed nearer to any property line than one hundred (100) feet from the street or fifteen (15) feet from adjacent owner's property line, or as shown on the plat of this section. Furthermore,

- A. No shed or outbuilding shall be placed nearer to the front or street line than one hundred (100) feet, nor nearer to the side line than twenty (20) feet, nor nearer the front than the primary dwelling.
- B. No shed or building designed and/or used for live-stock will be located nearer than twenty-five (25) feet to the dwelling proper of any adjacent owner's dwelling, provided said adjacent dwelling is set no further away from the street line than one hundred (100) feet.
- C. No dwelling, garage, or outbuilding will be placed nearer to a Commons lakeshore or flood easement than 25'.

Section 10: Waste Disposal: All lot owners shall provide for the disposal of waste material through a sewer treatment system approved by the appropriate governmental authority and the Architectural Control Committee and Property Owners Association. The sewer system will be an aerobic type plant with a sprinkler system to utilize the treated effluent for surface disposal or other disposal approved by appropriate authorities and the Property Owners Association. No septic tanks are allowed. Any system installed will have an alarm system to notify the homeowner if the system malfunctions. However should Developer or Developers designee install a central system for wastewater disposal as hereinafter provided all lot owners will be required to connect to that system. See Article IX section 9.

Section 11: No tract, as platted in this section, will be re-subdivided, except that the developer, its successors or assigns, may replat tracts for better utilization and function. However, any such replat will be subject to approval by all governmental authorities having jurisdiction, and all purchasers of tracts herein hereby waive the right or necessity of approval, and hereby appoint the authority herein, or it's designee, as Power of Attorney to execute any such plat in their name.

No tract as herein platted or replatted will be utilized for more than one single-family residence.

For purposes of this Section of this project, single family residence means one detached, site-built residential house designed to be occupied by one family only and one 2-car garage either attached or detached.

Section 12: Authority to remove trash, junk or garbage. The authority as created herein whether vested in the developer or the P.O.A. will have the right to enter upon the premises of any lot and remove noxious, offensive or unsightly trash, junk or garbage from said lot after having given the owner thereof notice to remove same within 10 days after notice and owner's failure to do so.

Authority may, at authority's option, place the items removed into storage or dispose of same if considered by the authority to be of no real value. Should the item(s) be placed in storage, the lot owner will be responsible to pay storage and redeem the same within 30 days. If not redeemed the item(s) will be sold for charges.

The authority will take a lien against the real property for cost plus 10 % of removal or other cost involved, including cost of storage if sale of items fails to cover cost of storage.

Section 13: Lakefront properties on all lakes. Subject to any rules of the P.O.A. or another authority, owners of lake front property may install piers from their property into the lake. Such piers may not extend further than 6 feet into the lake or channel from the shoreline of the lot. Piers will not be more than 20 feet in length. No pier will be installed nearer to a side lot line than 10 feet. All such piers will be made of Penta Treat, wolmanized wood or wood treated with some similar preservative that is not in violation of any regulation of any authority over the lake, or may be constructed of concrete. Piers and docks may be constructed of flotation devices such as are approved by any authority over such matters. All such installation must be kept secured and in good repair and appearance and the plans and specifications therefor must be approved by the A.C.C. prior to installation.

Section 13A: Boat docks and piers may not extend more than 3 feet above the water level at normal elevation.

Section 13B: Boat sheds are not permitted.

Section 13C: Decks and walks may not be more than 18 inches above the ground level as established by the developer within 15 feet of the lake shore nor more than 36 inches above the ground as established by the developer within 25 feet of the lake shore, but over 15 feet therefrom.

Section 13D: Boat lifts are not allowed.

Section 13E: Boat slips must not be constructed so as to project out from the shoreline into the lake. Boat slips will be dug into the lot a distance sufficient to allow no more than 6 feet of the boat or slip to project into the lake from the shoreline as established by the survey or plat of the lot. No boat slip will be constructed near or to a side lot line than 10 feet.

Section 13F: These restrictions do not allow bulk-heading of the lot shoreline; however, bulk-heading is required around the perimeter of any cut into the lot and bulk-heading is permissible along the shoreline adjacent to a pier between the pier and the shoreline.

Section 13G: It is the purpose of these covenants to require the shoreline to be sloped into the lake and protected with grass and disallow any bulk-heading except as herein above provided. The Authority created herein, however, may in its sole discretion, upon determination that it is necessary for the preservation of the shoreline to modify the covenants that prevent bulk-heading and provide that bulk-heading of certain standards will be installed on all lots affected by the determination. In such instance, the Authority has the right to install or cause to be installed the bulk-head, to backfill as necessary, to install cables into the ground, and do all things necessary and required to secure the bulk-head, including the right to cross any lot to access the work area.

Section 13H: Easement Maintenance of Lake – All lakefront or waterfront home sites in this subdivision are subject to an easement for access to the water to dredge, clean or otherwise maintain the lake or stream. This easement runs from the water's edge into and upon the property for a distance of 15 feet from the water's edge. All improvements allowed and constructed in this easement are placed therein at owner's risk.

Section 13I: Rules governing size of craft and motors will be made from time to time by the P.O.A. as regards boats traversing the channels within the project, as well as speed limits of all water crafts and activities within the channels.

Section 14: Oil and Mining Operations. No oil drilling or development operations, oil refining, quarrying or mining operations of any kind shall be permitted upon or in any lot, nor shall oil wells, tanks, tunnels, mineral

excavations or shafts be permitted upon or in any lot. No derrick or other structure designed for use in boring for oil or natural gas shall be erected, maintained or permitted upon any lot in this subdivision.

Section 15: No culvert, bridge, or crossing may be installed by lot owners in the street right of way unless approved by the proper authorities and the Architectural Control Committee. Conformances to size and grade requirements are mandatory. All culverts will be installed with headers, or retainers, on each end to prevent erosion and to dress culvert ends, and must be approved by the Architectural Control Committee prior to installation of culvert or wings.

Section 16: No "For Sale" signs will be placed upon any vacant lot by individual lot owners, developers or any other person or entity. The Property Owner's Association or authority as created herein has the right to remove and dispose of any such signs. No other signs are permitted without approval of the Architectural Control Committee.

Section 17: Prior to beginning construction on any house or building on any lot herein, owner will install a driveway from street to slab of at least four inches (4") of compacted rock, gravel, crushed limestone or better to prevent tracking of mud onto the streets.

Section 18: Should any property owner herein violate these covenants and restrictions, the developer, the property owners association and the authority created herein will fifteen (15) days after notice, have the power to file suit to enforce compliance. The association and authority will be empowered to charge as a special assessment all costs of time and expenditures, including legal fees, member's time, meeting fees, cost of removal of improvements in violation and pay all related expenses. This special assessment will attach to the property upon which the violation rests and will become a lien as provided in these covenants for assessments and liens.

Section 19: Any on-going violation may be prosecuted on an on-going basis with the goal of the Property Owners Association being to have the violation corrected by whatever means is necessary. Property Owner's Association removal of violations is authorized at the property owner's expense.

Section 20: **SPECIAL EASEMENTS:** Each tract sold herein is sold subject to easements lying beneath the access road and the commons trail.

These easements for commons and roadway access will be maintained as commons, as provided herein.

Section 21: No dwelling, porch or outbuilding will be constructed within 100 feet of Chocolate Bayou or any lake unless said dwelling is outside the 100 year flood plain and/or is in conformance with the requirements of any entity of authority over the Bayou or lake and is at least 25' from the bayou or any lake and at least 25' from any flood easement or line.

Section 22: Hunting is not allowed in this subdivision. No weapon or firearm will be discharged in this subdivision; this includes bow & arrows, spears, and pellet guns.

Section 23: Use of all commons is subject to P.O.A. Rules of Use.

Section 24: Off roads vehicles such as 4 wheelers, 3 wheelers, dirt bikes, go-carts, unmuffled or loud vehicles of any nature are specifically disallowed for operation in the commons, parks, reserves, streets alleys or on any lot or elsewhere in the subdivision.

Section 25: No boats with engines will be allowed upon the lakes or waterways, except that boats with electric motors will be allowed so long as they are quiet and do not otherwise create a nuisance

ARTICLE V **OWNER'S OBLIGATION TO REPAIR**

Each Owner shall, at his sole cost and expense, repair and maintain his residence, and other buildings on his tract, keeping the same in a condition comparable to the condition of such building at the time of its initial construction, excepting only normal wear and tear.

ARTICLE VI

MEMBERSHIP IN ASSOCIATION: VOTING RIGHTS

Section 1: Membership – Every Owner of a tract shall be a member of the Association. Membership shall be appurtenant to and may not be separated from ownership of a tract.

Section 2: Votes Developer –For purposes of voting, Developer/Declarant will be construed as an owner and member with the same voting privileges of one (1) vote per acre owned, and a fractional vote for a fractional ownership, and Developer is entitled to one vote for each acre sold so long as Developer retains a financial interest or any ownership in this development.

Section 3: Votes Per Member - All Owners shall be entitled to one vote for each full acre owned and a fractional vote for a fraction of an acre owned. When more than one person holds an interest in a given tract, all such persons shall be members and the vote for such tract shall be exercised as they may determine among themselves. In no event shall more than one (1) vote be cast with respect to any acre owned by such members.

Section 4: Voting Procedure - Voting may be by petition as prescribed for certain specific procedures herein. Otherwise, all votes will be by ballots mailed to the last known address of each member per the records of the Association. These ballots must be mailed back by the member to a certified public accountant designated by the board. The public accountant will tally all votes and certify the results to be true. Each vote will be identified by a lot, block and section number, stating the acreage owned and the number of votes represented thereby.

Any ballot vote must allow no less than a 30-day period between mail out of ballots and the return of mailed ballots.

Section 5: Boards – The Association and any Special Association shall be governed by and act through a Board of Directors. Declarant shall initially appoint a five (5) member Board of Directors for the Association with terms running one to five years, who shall serve until their respective terms expire. Declarant shall initially appoint a three (3) member Board of Directors for any Special Association, with terms of office running from one to three years. On the anniversary date of such appointments, and on the same date of each following year, the members of the Association or Special Association shall meet for the purpose of electing a member or members of the Board of Directors for that year as set forth herein. Such Board of Directors shall have the full powers and duties as may be reasonably necessary to carry out the purposes and duties of the Association as provided herein. All Board members' terms shall be for one (1) year with the exception of the initial Board members appointed by Declarant. The above stated term and election date may vary fifteen (15) days before or after said date at the option of Board. Mail ballots will be provided for all voters who may return the ballots within the prescribed time and manner or who may bring the completed ballots to the above-mentioned meeting. The person receiving the most votes shall be declared the winner. If two or more positions are being filled, then the persons receiving the most votes shall be declared the winners.

ARTICLE VII

ASSESSMENTS

Section 1: Declarant hereby covenants for each tract within the project, and each Owner of a tract is hereby deemed to covenant by acceptance of his contract or deed for such tract, whether or not it shall be so expressed in his contract or deed, to pay to the Association (1) annual assessments, and (2) special assessments for capital improvements. Such assessments will be established and collected by the Board as hereinafter provided. The annual and special assessments, together with interest, costs, and reasonable attorney's fees, shall be a charge on the land and a continuing lien on each tract against which such assessment is made. Each assessment, together with interest, costs, and reasonable attorney's fees, shall also be the personal obligation of the person or persons who owned the tract at the time that payment of the assessment is due. By acceptance of a contract or deed for such

tract, such personal obligation shall pass to the successors in title of such person or persons whether or not expressly assumed by them. However, the first owner liable will not be relieved of liability thereby.

Section 2: The annual assessments levied by the Board of the Association shall be used exclusively to promote the health, safety, welfare, and recreation of the residents of the project, and for the construction, improvement and maintenance of the commons, drainage and irrigation systems, or community facilities and private or public roads and roadway easements or rights of way within the project. The provision for maintenance of public roadways is made herein only in the case that the county, city, state or other public entity responsible therefore should fail to maintain said roadways properly. However, there will be an assessment for maintenance of private roads in this section as set forth herein.

Section 3: In addition to the annual assessments authorized above, the Association may levy, in any assessment year, a special assessment applicable to that year, but only for the purpose of defraying, in whole or in part, the cost of any construction, reconstruction, repair, or replacement of the commons or a capital improvement to the Project or any designated private roadway or public roadway within or giving access to project. Any such assessment must be approved by a majority of votes cast by members, in a manner of voting as herein prescribed.

Section 4: The Association's Board of Directors shall fix the amount of the annual assessment against each tract at least thirty (30) days in advance of the due date thereof and shall fix the dates such amounts become due. Assessments may be made payable monthly. Notice of the annual assessments shall be sent to every Owner subject thereto. The Association shall, on demand, and for a reasonable charge, furnish a certificate signed by an officer of the Association, setting forth whether the assessment against a specific tract has been paid, and shall on or before February 15th of each year, cause to be recorded in the office of the County Clerk of the County, a list of delinquent assessments as of that date setting forth and establishing the amount of the lien therefor. Failure to record such list by such date shall not affect the validity of such lien. Said lien shall arise and become effective on the day after the due date for any assessment not paid by such due date.

Section 5: Any assessment not paid by its due date shall be deemed in default. Any assessment not paid within thirty (30) days after the due date shall bear interest from the thirtieth (30th) day after the due date at the highest legal rate per annum. The Association, acting through its Board of Directors, may bring an action at law against the Owner personally obligated to pay the same, and/or may foreclose the lien against the property. No Owner may waive or otherwise escape liability for the assessments provided for herein by non-use of the common areas, community facilities, roadway easements, or abandonment of his tract.

Section 6: The assessment lien provided for herein shall be superior to the lien of any mortgage hereafter created; provided that if this document is an amendment or supplement to a prior Declaration, then this document hereby extends and renews the priority or perfection of such assessment lien created in such prior Declaration. A sale or transfer of any tract shall not affect the assessment lien. The sale or transfer of any tract pursuant to a mortgage foreclosure or any proceeding in lieu thereof shall not extinguish the assessment lien as to payments, which become due prior to such sale or transfer. No sale or transfer shall relieve such tract from liability for any assessments thereafter becoming due or from the lien thereof, except as otherwise provided herein in Section 12 of Article VIII. However, any lender, investor or purchaser may accept without further pursuit of diligence a certificate executed by the president and attested by the Secretary of the Association certifying the status of dues, assessments or liens.

Section 7: Any expenses of suit brought by the Association and/or Declarant herein and any expenses of defense of any suit brought against the Association, its officers, or directors, and/or Declarant in regard to the functions thereof in the administration or enforcement of these covenants shall be borne by the Association and the Association shall have and hold any rights to recovery of such expenses.

If the Association, its officers, or directors, and/or Declarant prevail in any suit brought against them by any Owner in the project with regard to the Association or Declarant's administration or enforcement of these covenants and said Association, officers, directors, or Declarant prevail in said suit, then such defendants are entitled to recovery and judgment against the suing owner for their costs of suit, including but not limited to, expert witnesses, attorneys, appraisers, surveyors, and litigation expenses. The amount of any such judgment obtained for

damages or cost shall automatically become a lien against the judgment debtor's property in this Project upon entry of such judgment. Otherwise, this lien will attach to such property as prescribed by law.

Section 8: Each Owner in the Project agrees that should suit be brought by Declarant and/or the Association to enforce performance of the covenants or to collect assessments, the suing party will be and is entitled to judgment for damages and all costs of suit, including but not limited to expert witnesses, attorneys, appraisers, surveyors, and court costs, should the action prevail.

The amount of any such judgment obtained for damages or cost shall automatically become a lien against defendant's property in this Project upon entry of such judgment. Otherwise this lien will attach to such property as prescribed by law.

Section 9: It is specifically stipulated that should Developer, its successors or assigns foreclose on any property sold under deed or contract, such property will revert to the status of Declarant's inventory free of the obligation of any accrued and unpaid assessments or costs and/or liens therefor that became due or were incurred prior to such reversion. Any such liens of records will be released by the appropriate officer or officers of the Association upon presentation of release thereto by Developer. Upon failure of such action by said authority, or in lieu thereof, Developer may file a release executed on and by its own behalf (and send a copy to the Association's President), which will be conclusive evidence to all persons that such lien is thereby released unless the Association acting within its authority files a proper court action to invalidate said release within thirty (30) days after recordation. Furthermore, see Section 13 of Article VIII herein.

ARTICLE VIII

NOTICE OF AUTHORITY FOR ASSESSMENT

Section 1: Each interested party or purchaser of a tract or parcel of ground in this Project is hereby made aware of the fact that some of the roadways herein within the Commons are dedicated or will be dedicated to the use of the property Owners herein and are not dedicated to the county, any municipal body or public authority nor to the public. Such purchaser or other interested party is hereby given notice that the maintenance of such Commons and county roads, where deemed necessary by the Authority, and of other designated areas and facilities, called common areas, and the payment for Security Guards and Patrols, if any, garbage pick-up and other conveniences deemed necessary and requisite to the pleasure, comfort, security and enjoyment of the Property Owners in this Project, will be provided for through an assessment or assessments, as the case may be, to be levied against each and every tract or parcel of land in the Project that will benefit from the use of common areas and common facilities, such determination to be made by the Authority created herein. Determination of pro-rata assessment will be on a tract basis.

Section 2: **Agreement** - Each purchaser of a property in this project hereby agrees that Savannah Plantation Property Owners Association, as created and chartered by Developer, existing or to become existing under the laws of the State of Texas, has the authority, and in consideration of the necessity of such an authority, to administer the funds and attend to the management and maintenance of all common areas, services and facilities in said project, and does hereby grant and give unto the said Association, its successors and assigns, the authority to levy and collect assessments as necessary, and to expend said funds as necessary, subject to the requirements as herein set forth, for the purpose of the maintenance of all facilities and areas and services as herein described. Until such Association is formed, this authority is vested in Developer.

Section 3: **Commons** - It is herein stipulated that designated common areas may be used for any purpose required or deemed by the Authority advantageous to the property owners in the project, such purpose to include, but not be limited to, the installation of any or all utilities, and dedication of such easements and rights of way as deemed necessary by said Authority. Such dedications may be made upon a plat thereof or by separate instrument in writing and such dedication may be made at the discretion of the Authority at anytime, present or future. The Authority may allow the installation of any main or service extensions in said Commons by letter to or formal agreement with the utility company, or may allow installation of service lines from main to dwelling or outlets by oral approval. Any such installations made will be considered approved if the Authority has not ordered such installation halted prior to completion thereof.

Commons may be of several categories:

- (a) Dedicated commons are those commons owned or to be owned by the Association through dedication upon the plat or by separate dedication by other recorded instruments of conveyance.
- (b) Easements as commons for community use by the property owners are those commons dedicated upon and across various lots, tracts and parcels of land, shown as easements and/or commons on the plats thereof and/or as cited in separate instruments of record or to be placed of record.
- (c) Leasehold commons are those commons not provided as easements or dedicated as fee commons, but are shown as leasehold. Leasehold commons are provided for the use of property owners under the terms and conditions as set forth in the lease agreements.
- (d) Temporary Commons are those commons designated on a plat as such or upon the ground as such and may be commons utilizing land being held for future development or as timberland forest by Developer. Temporary Commons may be moved or eliminated.
- (e) Limited Commons are those commons or easements or licenses limited to a common area servicing a specific area in the project including without limitation, water supply Commons.

Section 4: Effective Date of Assessments - Any and all levies for any or all purposes as herein set forth may be made and begun at an appropriate time as will be determined by the Authority. Said action may be made to affect, at different times, any sections or tracts, and levies for maintenance of various areas may be made or begun at different dates, and are not required to be made simultaneously.

When such determination is made by the Authority, notice will be given to the Owners of such properties affected and all said Owners would then be required to pay said assessments to the Authority.

Section 5: Handling of Assessed Funds - It is specified herein that all funds collected by the Authority for maintenance and services of commons will be kept in a special bank account or savings account to be used only for the purposes as herein stated, and an itemized account of all receipts and disbursements will be mailed annually to all property owners in said project.

If, at any time, the Owners of fifty-one percent (51%) or more of the acres affected by an assessment desire that the fund so established and the books and records pertaining thereto be audited, then said Owners may, by affixing their signatures to a petition, cause such audit to be made by delivery of the petition to the President of the Association. Such petition will cite the account by its proper identification and shall stipulate the name of a Certified Public Accountant who shall make such audit and the date that such records shall be made available to said Accountant. The Authority will then be compelled to make such records available to the named Certified Public Accountant in the offices of the Authority or other place at the discretion of Authority and will be authorized to pay to such Accountant, reasonable accounting fees for said audit from the funds of the account so audited.

Section 6: Establishment of Amount of Assessment - The Authority, in initially setting the monthly levy or assessment for any purpose stated herein, will do so on an estimated basis determined by a study of the requirements of said purposes. Said amount so levied may be changed from time to time as necessary, to pay the allowed expenses as herein set forth. Should said assessment prove to be more than needed for such purposes, then, the Authority may reduce said levy accordingly, or carry forward such excess to be used to decrease the amount of future assessments.

Section 7: Special Assessments - The Authority will have the right, privilege and powers to levy special assessments as may become necessary for purposes as required and authorized herein. Such special assessments would be made on the same pro-rata basis as hereinabove set forth and paid to Authority as prescribed by said Authority. Upon the approval of the Owners of fifty-one percent (51%) of the acreage, subject to any special assessment, such special assessments could be made for the purpose of the construction or reconstruction of any desired improvements in the Common areas for the use and benefit of Owners of all of the acreage subject to such special assessment.

Section 8: Collection of Assessments - The Authority will have the sole responsibility and authority to collect all assessments. Such assessments will be levied on a monthly basis and Authority will have the power to

allow certain reasonable discounts to Owners paying said assessments semi-annually or annually in advance. Authority will have the power to add to such assessments appropriate and reasonable penalties against said Owners for delinquency in payment of assessments, as well as the other remedies set forth herein.

Section 9: Delinquent Assessments - Any Owner being delinquent in the payment of any assessment will have filed against his property a lien for such assessment, plus any penalties and costs. Such lien shall remain in effect until all past due assessments, penalties and costs have been paid or satisfied as otherwise set forth herein.

Section 10: Enforcement of Liens - Each lien established by the Authority pursuant to the provisions of this instrument may be enforced by recording with the County Clerk of this county a notice of delinquency and lien upon said property, and may be foreclosed in the same manner as provided for the non-judicial foreclosure of a mortgage upon real property under the laws of the State of Texas. In any action to foreclose any such lien, the Authority shall be entitled to costs, including reasonable attorney's fees, and other allowed costs and penalties. The Authority may employ any other process available under the law for collection.

Section 11: Reservation of Liens - The Authority does hereby reserve unto itself, establish and impose upon the Property in the Project a lien securing each assessment imposed or to be imposed, or in any way provided for herein, and further securing any costs, interest, or penalties (including attorney's and expert's fees), subject only to any limitations and/or provisions in this instrument.

Section 12: Subordination to Mortgage - Each and every assessment and lien, together with any cost, penalties or interest related thereto, established, reserved or imposed under this instrument and authority shall be subordinate to any prior, recorded, valid, bona fide mortgage or trust deed (and the lien and/or title thereof) which has been given in good faith and for value on any interest covered by this instrument and authority. Any subsequent Owner of any property so covered, purchased at foreclosure or otherwise, shall be bound by restrictions, conditions, covenants, reservations, assessments and liens set out in this instrument, excluding any assessment or lien arising prior to a foreclosure sale brought about by a lender under any valid, bona fide mortgage or trust deed. A valid, bona fide mortgage or trust deed for purposes of this document is one given for funds applied to the purchase of, or improvements of, the property upon which the lien is created. The lien for assessments is also subordinate to future liens as set forth in Section 13 following.

Section 13: Exclusion of Developer - The Developer of this project, its successors and assigns, hereinafter called Developer, will sell to purchasers properties within said project. It is specifically stated and agreed that if one or more tracts or parcels of land are sold to any purchaser by Developer, by contract for deed, or deed with lien and note or other instrument, and purchaser defaults in payments due under said instruments in any manner, such as failure to pay principal, interest, taxes, insurance or assessments set out hereunder, and said property be repossessed, or such contract canceled by Developer or by any assignee of Developer's right, title and interest in any such lien or contract, then Developer or said assignee will not be required to pay to the Authority any delinquent or past due assessments, costs, interest, or penalties, and any liens for non-payment of same filed by said Authority are deemed released as regards such property. Evidence of such cancellation, repossession or foreclosure will, in and of itself, be sufficient to effect such release. No further release or action will be required by the Authority for this purpose; however, this stipulation does not, by any means, relieve the purchaser in default who failed to pay such assessments and/or penalties and cost, and from whom said property was repossessed, of his personal liability to pay such delinquent funds. This provision does not affect the rights of the Authority, as a creditor, to pursue other remedies and liens.

Section 14: Rules and Regulations Governing Use of Commons and Facilities Therein - Rules and regulations governing the use of all commons and facilities will be made and enforced by the Authority, to insure the best and mutual enjoyment thereof of all qualified property owners and their guests. Any Owner who fails to pay assessments or fails to comply with any requirements or rules and regulations governing the use of said commons and facilities will be denied the use thereof. Such rules and regulations will include, but not be limited to, rules concerning guest privileges to use of commons and any recreation facilities; speed limits on streets, type of vehicles on streets and other commons; control of noise; use of irrigation water, channels or canals; use of any lakes, ponds or streams within the commons; and use of water from a limited commons.

Section 15: Delegation of Use of Facilities - Any Owner may delegate his right of enjoyment to the common areas and facilities to the members of his immediate family, his tenants, or contract purchasers who reside on the property.

Section 16: Maintenance of Tracts - The Owner of a tract or tracts in the project will be required to keep said property free of any unsightly or offensive accumulation of trash, garbage, or unsightly deposits of any nature or kind from the date of purchase of said tract. This requirement is effective on occupied and unoccupied tracts. Ten days after notice to Owner of such situation existing, the Authority herein created or its employees will have the right and authority to enter upon said premises and correct any existing violation of this section. Such Authority will charge said Owner a reasonable fee for such work accomplished and bill said Owner for said fee, plus a reasonable service charge per month, for each instance, until Owner pays said Authority in full as billed. All monies so owed the Authority will become a special assessment against the property of owner and will be secured by a lien on said property in the same manner as a lien for special assessments.

Section 17: Exterior Maintenance of Buildings - In the event the owner of any building in the project should allow such building to fall into disrepair, or to become in need of paint, repair, or restoration of any nature, or to be in need of other corrective measures, or to become unattractive and not in keeping with the quality of the neighborhood, then the Authority will give such owner written notice of such conditions. Fifteen (15) days after notice of such condition to owner, and failure of owner to begin and continue at a reasonable rate of progress to correct such condition, the Authority may enter upon said premises to do or cause to be done any work necessary to correct said situation. The owner thereof shall be billed for said cost plus ten percent (10%). All monies so owed the Authority will become a special assessment against the property of owner and shall be secured by a lien on such property in the same manner as a lien for special assessments.

Section 18: The Authority herein created is empowered by the Owner of each tract or dwelling in this Project, to contract with a utility company for the operation and maintenance of street lighting in this Project and to pay for security lights installed in Commons at the rate of \$2.00 (two dollars) per month to be paid in cash or added to such owner's electric bill each month. This fee may be adjusted up or down in accord with the rates of the utility company. The Authority may include funds for said lights in the general assessment.

Section 19: Notice - In all instances herein where notice is required, notice will have been given upon depositing said notice in the United States mail, proper postage prepaid, addressed to the last known address of such person of party (according to the records of the Association) to whom notice is to be given.

Section 20: It is specifically agreed by each purchaser and stipulated herein that the Developer, its successors, and assigns will have the right of use of all commons. Such use will be allowed for the purposes of promotion and sale of property by said Developer and will include the right of Developer to issue passes and permits to guests or prospective purchasers of property and Developer's employees to use and enjoy, for limited periods, such commons, facilities, and services. This right is reserved unto the Developer, its successors, and assigns so long as said Developer owns land in the Project and is marketing same.

Section 21: It is fully understood that Developer is subject to the same payments created herein per acre owned, as is any other Owner; save and except accrued but unpaid or post due assessments, costs, penalties and interest on or related to those lots or tracts foreclosed on by Developer or received by Developer as the result of canceling a contract. However, it is fully understood that Developer may pay such payments, including in advance in the form of payments for improvements, maintenance, repairs, leases, and rentals, and property donation at market value (collectively, "contributions"), and will receive full credit against assessments for such contributions. Such contributions shall accrue interest at twelve percent (12%) per annum on such funds and market value of property contributed until such funds or value are charged against by the Authority. Each year the Authority will charge against such contributions and any accrued interest thereon the amount of any assessments due by Developer, and shall carry forward any credit balances to the next and ensuing years. Should Developer have a credit balance remaining after sell out of the total project of all sections, such credit balance will not be a charge to the Association, but will, in fact, be written off by Developer.

ARTICLE IX

UTILITY STANDBY CHARGES

Section 1: The Association shall have the right to establish utility standby charges and in such case there shall be levied against every individual tract, severally, a standby charge not to exceed the exact cost per month to the Association or utility. Such charge shall be fixed from time to time by the Board of Directors of the Association, which charge shall be due and payable in monthly installments in advance, or as otherwise required; and the payment of such standby charge or charges shall be and is secured by a lien hereby created on each individual tract. The Association does hereby reserve unto itself, its successors and assigns, and establish and impose, a lien securing the assessment as herein set forth for the prescribed utility standby charge.

Section 2: This lien may be foreclosed upon, after notice of delinquency to the Owner of any tract, as and in the same manner as provided for the non-judicial foreclosure of a mortgage upon real property under the laws of the State of Texas. Any such foreclosure will entitle the lien holder to reasonable attorney's fees and other allowed costs and penalties. In addition, the Association may pursue any other procedures of collection as may be provided under the law.

Section 3: It is specifically stated herein that all property held by the Developer, its successors and assigns for sale or resale within this project is hereby totally exempt from any and all of the requirements of this Article and no lien shall become effective on any of Developer's property until said property is sold to individual tract purchasers by contract or deed.

Section 4: Such standby charge, the liens securing the payment thereof, and the right and responsibility for the enforcement thereof, are hereby reserved unto and given over to the Association. The right of the Association to levy such charge, and the creation of all liens securing the payment thereof, except for delinquent payments and liens securing same, shall be released and discharged automatically (without further action) on any tract upon the conveyance of that tract to the initial person or persons who will reside on the property, the completion of a dwelling or residence on the property, and connection to the utility with continued service. Such completion may be evidenced by the creation and recordation of the first lien mortgage or deed of trust on the improved property or by the execution of a release by the holder of said lien or by the Board of Directors of the Association of the lien created hereunder to secure the standby charge; however, prior to same any and all due or past due charges and fees must be paid in full.

Section 5: The Association may assign or pledge to any utility provider this right of assessment and security for standby charges. In such instance, the standby charges will be set at a rate in conformance with published or approved tables of any state agency or authority, if any. In the absence of such agency or authority, the rates will conform to normal and usual rates. This authority granted and created in this Section III reserved unto Developer until the creation of the Association is accomplished.

Section 6: Should a state approved central water system be provided in the subdivision with adequate volume of potable water served to any lot, then the purchaser(s) of said lot(s) will be obligated to connect to the system, be subject to any standby fee, and all other fees, and may not drill or operate a water well for any use other than irrigation, watering livestock and other non-household use.

Section 7: Developer/Declarant herein has the sole and exclusive right to install a central water and waste water system and may transfer this right to any other entity at Developer's sole discretion.

Section 8: This article does not obligate Developer to install central water or waste water system.

Section 9: **Wastewater Disposal_-** Developer may elect to install a wastewater treatment gathering and treatment system, or Developer may assign this right to another entity. Should such a system be installed every owner of a lot in this section will be required to connect to said system instead of installing a wastewater treatment system as otherwise set forth herein. Should the system be a forced or pressure type system requiring a grinder and pump installation at each home site, the owner of the lot or home site will be required to furnish and install such equipment at lot owner's expense.

The tap fees for collection, treatment and disposal of wastewater will be accomplished at rates approved by the appropriate agencies of the State of Texas. This service when made available will make the lots to be served subject to a state approved standby or service fee.

Section 9A: Grinders and Sewer Pumps – Should Developer install a Sewer System, each dwelling in this subdivision will have installed an individual grinder and pump to service the dwelling in pumping sewer into the sewer system for treatment. The owner of the dwelling will be responsible for the continued operation and maintenance of the grinder/pump in a manner to ensure against failure.

Should the grinder/pump unit fail in its operation, owner will immediately replace same with a new unit of comparable capability and quality. Should owner fail to do so within 24 hours or less if threatening to the health and welfare of the neighborhood, then the Utility Company providing sanitary sewer service is hereby authorized to replace the grinder/pump unit and charge against owner and the property the reasonable cost of services and the grinder/pump unit

ARTICLE X

LAW ENFORCEMENT AND STREET RIGHTS

Section 1: Traffic Law - Notwithstanding the fact that some roads and the commons in this project are not or may not be dedicated to the public (as opposed to the property owners in the project) it is hereby stipulated that the County Commissioners Court or other public governing body will have the full authority to establish speed limits and other traffic laws and rules, and penalties for violation thereof, upon the streets of this project, and the law enforcement officers of the County or of the State of Texas or any other official body having such authority, may enter upon this project to enforce such laws the same as if said roadways were public roads. The Property Owners Association through its boards may establish speed limits and other traffic rules.

Section 2: Public Law - Notwithstanding the fact that Commons in the project are private and dedicated or made available only to the property owners within the Project, it is hereby stipulated that any law enforcement officer, (City, County, State, or Federal) is hereby authorized to enter upon the premises of the Project for all purposes just as though the Project Commons were dedicated to the public, and every law enforcement officer will have the same rights, privileges and duties within the boundaries of this Project as he would have in any subdivision where the streets and other commons and facilities were dedicated to the public.

ARTICLE XI

GENERAL PROVISIONS

Section 1: Declarant, the Association, or any Owner shall have the right to enforce, by any proceeding at law or in equity, all restrictions, conditions, covenants, and easements, reservations, liens, and charges now or hereafter imposed by the provisions of this Declaration. Declarant and the Association shall have the right to enforce, by proceeding at law or in equity all reservations, liens, assessments and charges imposed by the Declaration. Failure by Declarant, the Association, or by any Owner to enforce any covenant, or restriction herein contained shall in no event be deemed a waiver of the rights to do so thereafter.

Section 2: Invalidation of any one of these covenants or restrictions by judgment or court order shall in no way affect any other provisions, which shall remain in full force and effect.

Section 3: Covenants and restrictions of this declaration may be amended by duly recording an instrument with the Brazoria County Clerk executed and acknowledged as approved by the Board, by not less than seventy-five percent (75%) of the acreage set forth on ballots received by the deadline. All votes will be as prescribed in Article VII hereof.

Section 4: No breach of any of the conditions herein contained by reason of such breach shall defeat or render invalid the prior lien of any mortgage made in good faith and for value as to the Project or any tract therein; provided however, that such conditions shall be binding on any Owner, except Developer, whose title is acquired by foreclosure, trustee's sale, or otherwise.

Section 5: The covenants and restrictions of this Declaration shall run with and bind the land, and shall inure to the benefit of and be enforceable by the Association or any member thereof for a period of twenty-five (25) years from the date recording of the original Declaration, and thereafter shall continue in effect for additional, successive and recurring periods of ten (10) years, unless they are canceled or amended by written vote by the then Owners of at least seventy-five percent (75%) of the acres in the Project as set forth herein under Article VI and elsewhere.

Section 6: Declarant shall have the right during the term of this Declaration to add to the real property within the Project any tracts. The Owners of the tracts within such added portion shall become members of the Association on the same terms and conditions, and subject to the same restrictions, as apply to Owners of tracts within the original Project, except that Developer may impose additional restrictions on such additions including size and quality of improvements, land use, set back lines other requirements considered by Developer to be beneficial to the best use of the property.

Section 7: **Platting:** Should these covenants be applicable to any tract of land that is sold or conveyed and described by field notes or metes and bounds and then said parcel of land be platted in a subdivision plat and filed for record in the plat records of this county, which plat describes the property as reserved, or as a lot, block, or section or part hereof, then the description set forth in the plat placed of record will become and is thereafter the proper legal description of said land. Any person or entity having purchased, contracted to purchase or having taken title or interest to said land hereby waives any requirement or request to join in the execution of such a plat and does hereby agree to such a platting of said land without further action or notice pertaining thereto.

Developer/Seller herein Suntex Fuller Corporation, its successors and assigns are hereby instructed to represent any such owner in the execution of any such plat in any capacity required and is hereby appointed as Power of Attorney for owner to execute any such plat for owner.

Section 8: A central water system may be installed at Developers sole discretion, by Developer or Developer's Designee who, if done, will be the sole source of water for household use. Rates for water will be as set by a State of Texas governing agency. Individual wells may be installed as herein set forth, however, individual well water will not be extended into any dwelling in this Project and may be used only in a separate system for irrigation, filling ponds or pools, watering livestock and other non-household uses.

Section 9: A central sewer system may be installed at Developer's sole discretion as herein above set forth in Article IX, Section 9.

Section 10: There is hereby established an easement 25' wide, adjacent and parallel to the shoreline of any lake or waterway in this section for access, for maintenance of such lakes by the authority created herein.

Section 11: All lots in this section are to be mowed and cleaned as frequently as is necessary, to maintain the grass and weeds at a height not to exceed 12" from ground to top. Should owner fail to maintain the grounds as above stipulated, then the authority may, after having given the owner 10 days written notice to owner's last known

address, enter upon said property and mow and clean the lot. The cost or fee therefor, not exceeding cost plus 10%, will become a lien upon owner's property unless paid within 15 days after the work is accomplished. The lien will entitle the authority reasonable attorney fees for collection and interest at the rate of 18% per annum.

EXECUTED THIS 11 day of August, 1999.
