A map of the Indiantown area. At the top, a road leads to a circle containing the number 609. Below this, an arrow points left with the text "TO BARLEY BARBER SWAMP". To the right, the word "INDIANTOWN" is written in large, bold, blue letters. Below "INDIANTOWN", an arrow points down and to the right towards the text "INDIANTOWN AIRPORT". A road labeled "CITRUS BLVD." runs diagonally from the upper right towards the bottom center. Along this road, there is a circle containing the number 726 and a red square marker. Below Citrus Blvd., a road labeled "S.W. FARM ROAD" runs horizontally. Below this road, there is a circle containing the number 76 and a red square marker. At the bottom, an arrow points left with the text "TO DUPUIS RESERVE". To the right of the horizontal road, a road labeled "710" runs diagonally. A blue line representing a waterway, labeled "OKEECHOBEE WATERWAY", runs diagonally from the bottom left towards the top right, crossing Citrus Blvd. and the 710 road.

ZONING

Sec. 3.411. - A-1A Agricultural District.

3.411.A. *Uses permitted.* In this district, a building or structure or land shall be used for only the following purposes, subject to any additional limitations pursuant to section 3.402:

1. Any use permitted in the R-2A Two-Family Residential District.
2. Flower farms, nurseries, groves and greenhouses.
3. Packing houses and other accessory buildings necessary for the operation of flower farms and nurseries, excluding labor quarters, except those complying with R-3 zoning.
4. Any sales incidental to flowers or nursery business, wholesale or retail.
5. Private stables, as an accessory use to a residence.
6. Trailers. The minimum lot size for a trailer shall be 20 acres and there shall be no more than one trailer on any lot. The trailer shall not be located within 100 feet of any property line. The trailer shall be permitted to remain only so long as the principal use of the property is agricultural. The trailer shall only be used as a residence. The trailer shall be screened from view of abutting lots and public streets to a height of six feet, for example, by means of an opaque fence or landscape buffer.
7. Farmer's markets, as defined in Division 2 and pursuant to the requirements set forth in section 3.71.1 of the Land Development Regulations.

3.411.B. *Required lot area.* The required lot area shall not be less than two acres.

3.411.C. *Minimum yards required.*

1. *Front:* 25 feet.
2. *Rear and side:* 25 feet.
3. No structure shall be built within 50 feet of the center line of any public platted right-of-way not a designated through-traffic highway.
4. No structure shall be built within 65 feet of the center line of a designated through-traffic highway.
5. No setback or yard shall be required adjacent to water frontage.

LAND USE

d. *Policies (Rural development)*. The Land Use Map identifies those lands within Martin County which are allocated for rural development. This designation is intended to protect and preserve the value of rural suburban lands which are located outside the normal economical service radius of intensive (primary) urban service systems including regional potable water distribution and wastewater collection systems. In general, the County cannot economically provide, maintain and operate the full complement of intensive services in these areas. This policy applies to lands within the Secondary Urban Service District because the density range of one dwelling unit per acre to one dwelling unit per two acres supports the transitional nature of these lands and is intended to protect and preserve the rural, suburban lands in close proximity to the Primary Urban Service District.

The rural lands shall develop at a density not exceeding one dwelling unit per two gross acres. This density allocation recognizes the need to concentrate urban development on lands closer to the urban core communities where intensive urban facilities and services can be provided in a manner compatible with the objectives of fiscal conservancy. This policy also provides reasonable development options to landowners whose property is located within the fringe of secondary urban development in sparsely developed rural or rural suburban areas. Zoning regulations shall provide standards for these areas which are designed to permit development compatible with the need for preserving the rural character. These standards shall reflect the high value placed on open space, the need to preserve wetland areas, the function and value of recharge areas, and the need to minimize changes in the natural hydrology of the area. Standards governing agricultural land conversion in Policy M.1.a.(2) [sic] shall also be used as criteria in evaluating future plan amendment requests within areas designated for rural development.
