

# Rafter W RANCH

Bosque County ♦ 318 acres

This beautiful ranch features very high elevations with unbelievable views and vistas including the Norse Valley. Parts of the ranch are wooded with very good deer and dove hunting, three food plots, wet weather creeks, and draws with native pecan and red oak trees. The southern portion is open production land. It features pastures seeded with klein, bermuda and native grasses, a nice remodeled fully-furnished 3/2 2700 sqft home, a rocked patio with wood fire pit, barn, implement shed, fruit trees, windmill, airstrip, and so much more.

This ranch is a rare find.
