Favorite Features

- Fresh air & no light pollution to hinder stargazing
 - Silence broken by the sounds of nature
 - The tranquil setting and the wildlife sightings
- The sound of water flowing down the creek and river
- The hydronic heating system on the main floor of the Inn
 - Natural light that filters into the rooms
 - The soaking spa
 - The kitchen appliances
- The main floor bathrooms and all the fixtures throughout
- Energy efficient design and solar assisted water heating for domestic and hydronic heating
 - Covered walkway around the perimeter and the upstairs deck
- Garage doors that allow a seamless transition from outside to inside
