The covenants shown herein are hereby reserved for purposes as indicated. The  
utility easements shall be open to all public and private utilities for such  
particular use. The right-of-way of piping or the utility easements to the  
reservoirs of the reservoirs, to buildings, fences, trees, shrubs or  
other improvements or growths shall be unrestricted, unobstructed or placed  
overhead. The right-of-way of the utility easements to the utility companies reserved  
for the actual use and maintenance of all public utilities serving the area, serving  
to serve all and any public utility shall have the right to remove and keep  
any parts of any buildings, fences, trees, shrubs or other improvements  
or growths which in any manner interfere with the construction,  
use and maintenance of the reservoirs, aqueducts or the pipes and all  
public utilities shall at all times have the right of ingress and egress  
to or from and upon the said property for the purpose of construction,  
manufacturing, inventing, repairing, maintaining and adding to or removing  
from all or part of its respective systems, except the necessity of any use of  
property of the utility companies. Any public utility shall have the right of  
prior and exclusive access to private property for the purpose of reading meters and  
making surveys and service, measured or otherwise performed by the utility  
without notice and without cause. These are considered an integral and necessary part  
of utility systems regardless of whether they were installed by the utility or the customer.
