All in all, Shadow Creek Ranch provides the perfect balance of exclusive ranch property with shuttle service and easy access to local resorts, towns and airports.

HOME-SITES

Shadow Creek Ranch has carefully laid out 22 home-site locations among shimmering aspens, blue spruce and beautiful mountain vistas. Your 70-acre home-site offers stunning views of the nearly 6,000-acre property, and ownership includes use of the balance of the 6,000 deeded acres.

By design, home-sites were laid out to ensure that the beauty and harmony of the ranch remains untouched. No two home-sites are the same, but great effort was made to ensure a natural feel throughout the community. Luxury services include firewood delivery, transportation services and grocery delivery through the Shadow Creek Ranch concierge.

As an owner at Shadow Creek Ranch, you are afforded numerous activities with on-site maintenance of all ranching and recreational equipment. The 6,000-acre ranch and adjoining 130,000 Eagles Nest Wilderness Area provide trails for horseback riding, hiking, snowmobile and 4-wheeler use. More than 22 ponds as well as the Blue River, provide world-class fly-fishing. Five fully stocked cabins are ideal destinations for a mid-day lunch or overnight stay. Owners may even take part in special ranching activities including ranch roundups, livestock feeding and the annual cattle-branding event.

IMPROVEMENTS

The main lodge provides first-class accommodations for homeowners and their guests. You and your family and friends may stay in one of four fully furnished luxury suites. Sit by the giant stone fireplace and enjoy a privately catered function. Owning a home-site at Shadow Creek Ranch is truly an experience like no other.

CONSERVATION

Few have experienced a place like Shadow Creek Ranch. Our goal is to preserve the untouched mountain character. To achieve this, Shadow Creek Ranch established a conservation easement with Summit County in December of 2000. This prevents future changes or development to the land outside current plans and will guarantee its conservation for generations to come.

Shadow Creek Ranch has carefully orchestrated development to optimize the ranch's natural landscapes. We believe that proper integration of home-sites will create a place of lasting beauty.
