Fabulous new horse barn with 8 stalls and a huge hay loft/ party barn.  
Well house for the barn is close to the gated entrance. A winding paved  
road leads to the house , workshop and equipment sheds.

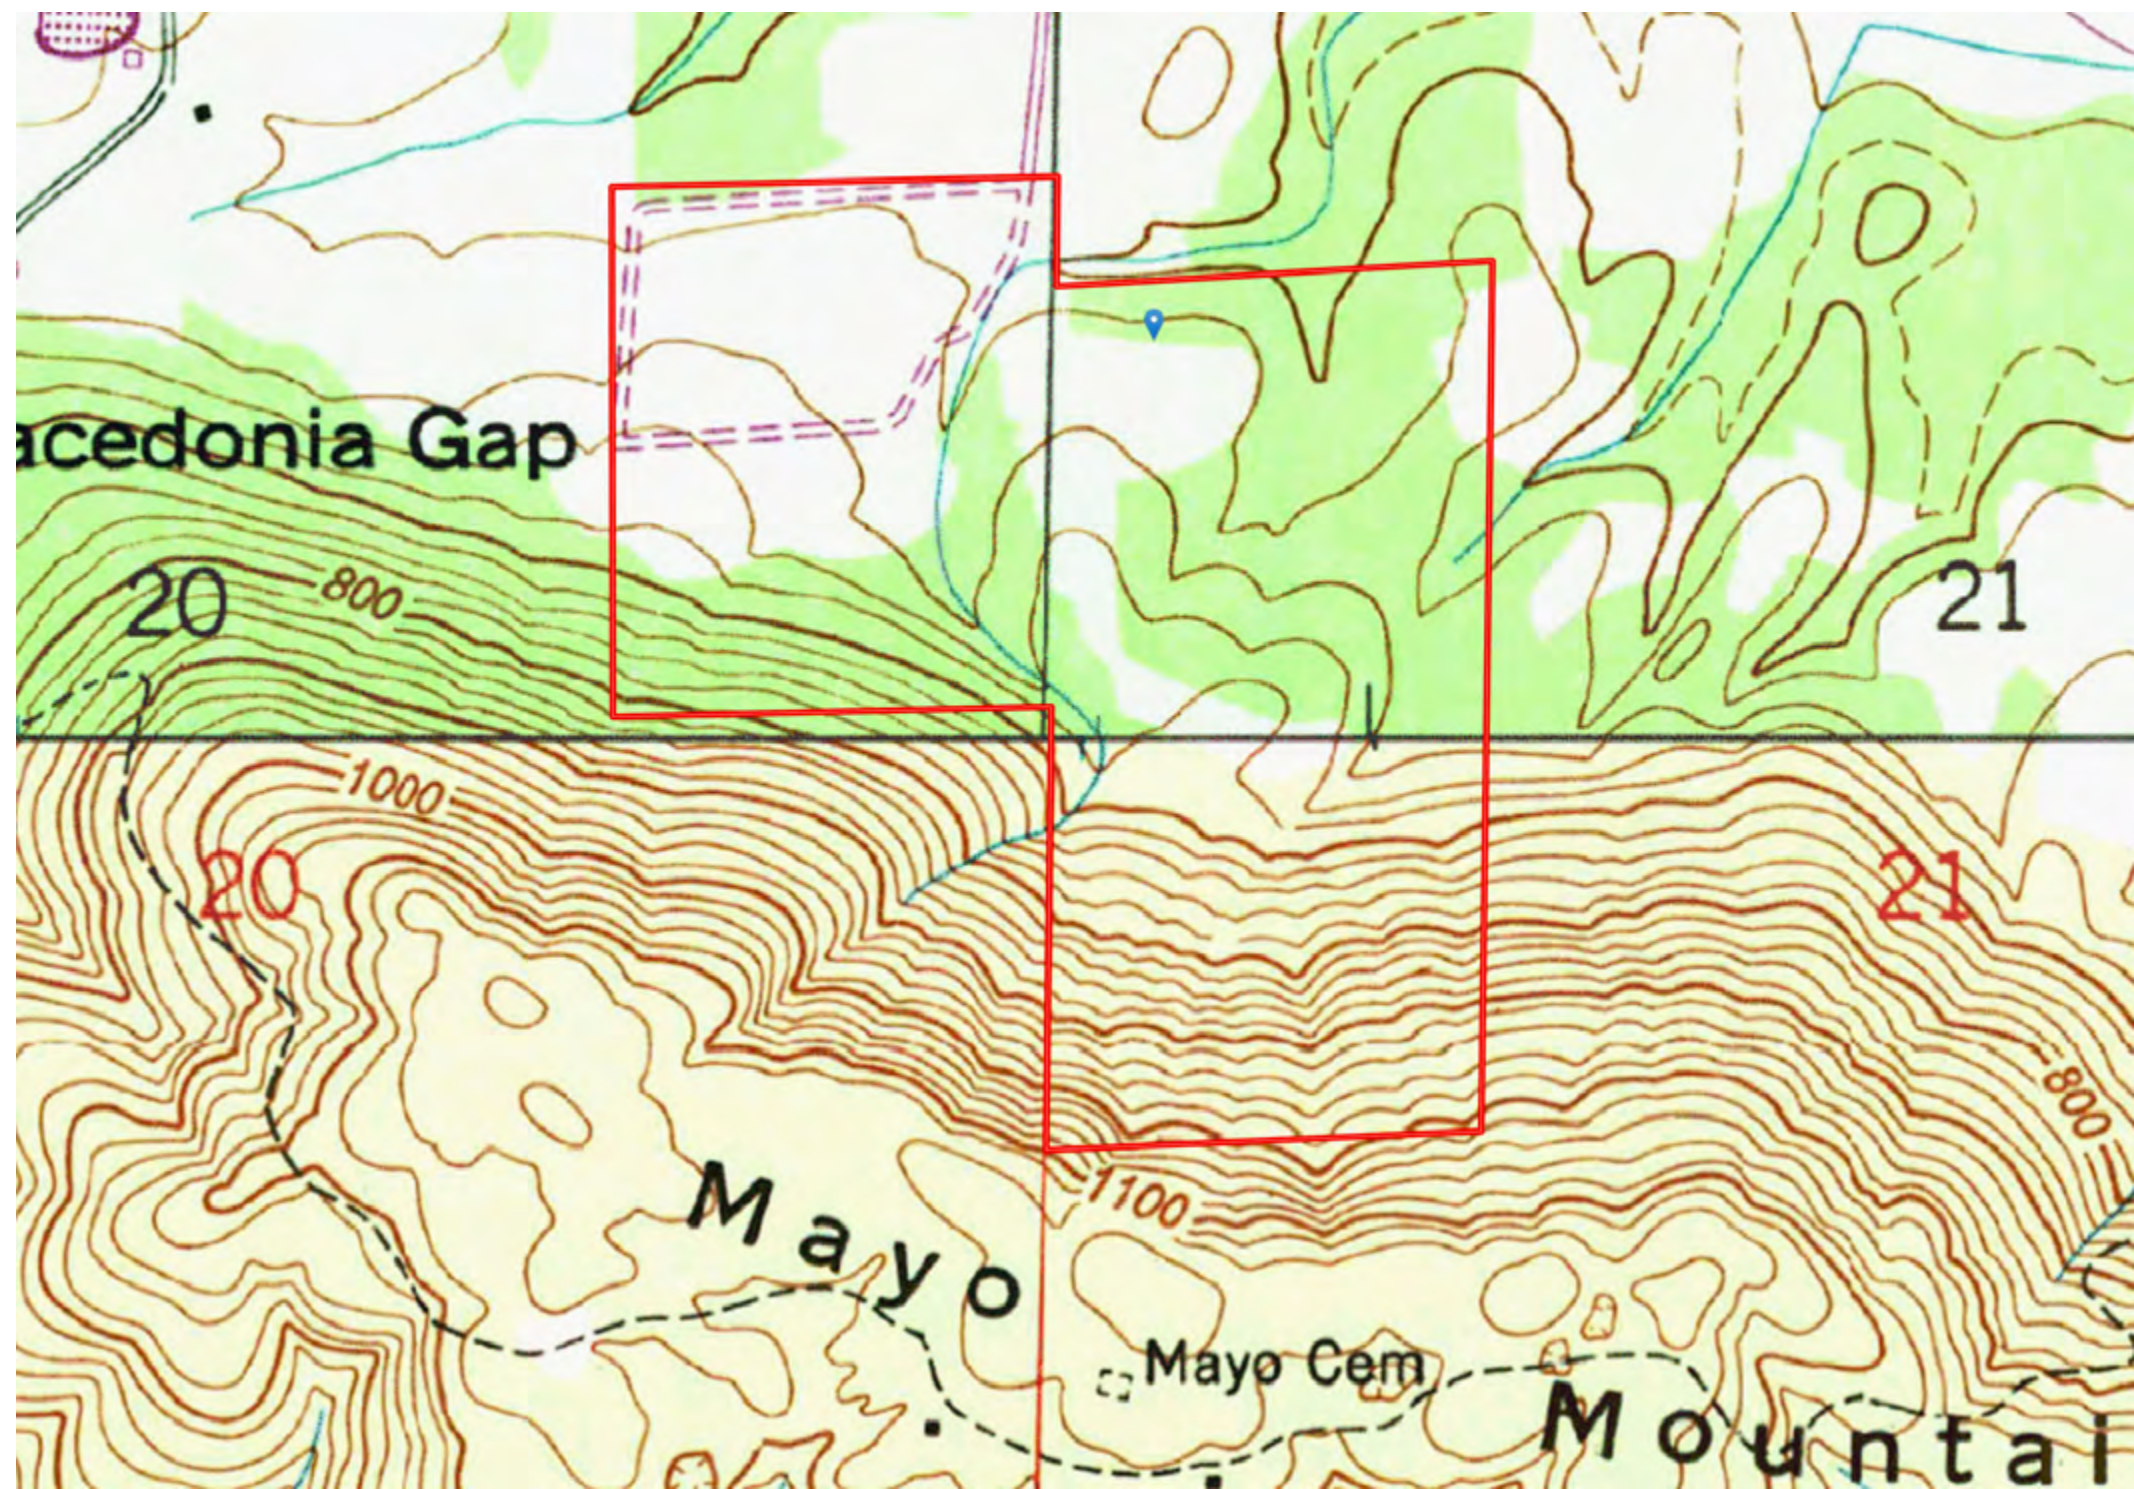

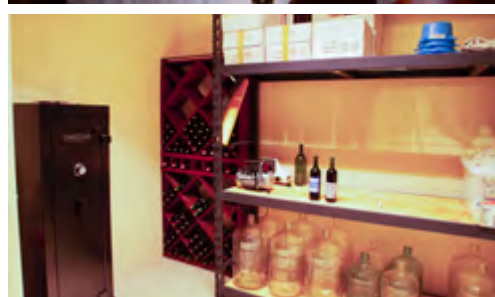

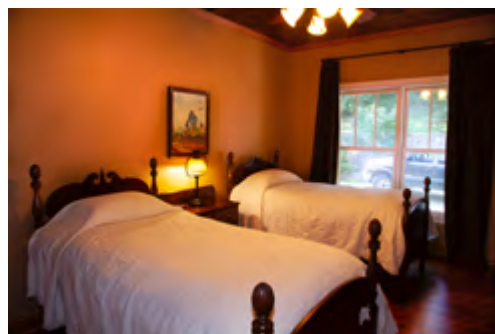

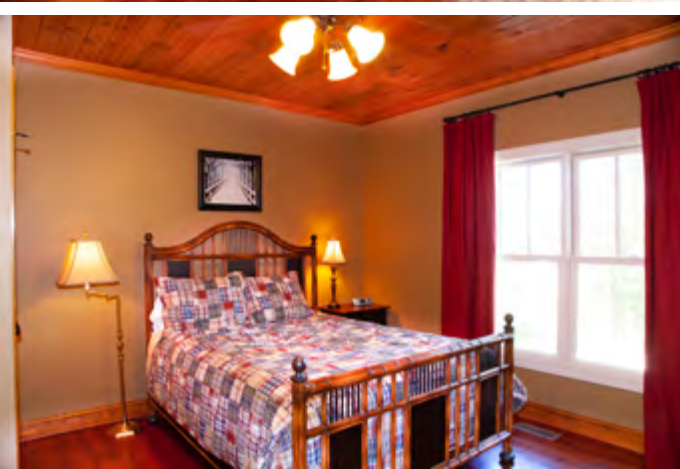

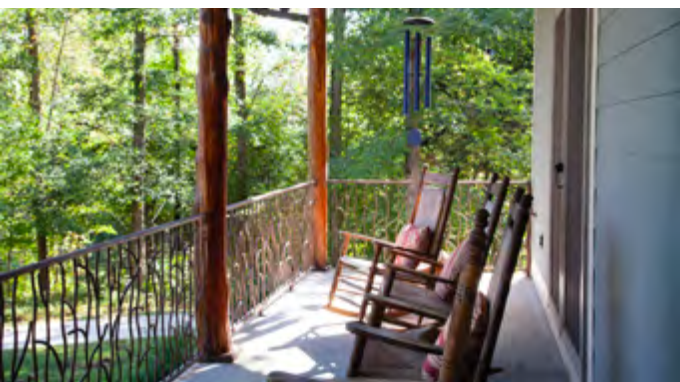

Numerous outbuildings including a double garage door workshop, upstairs bunk room, bathrooms, hay barn, equipment barn, farm tools barn, quail run, fire ring and a back porch for swinging by the shop.

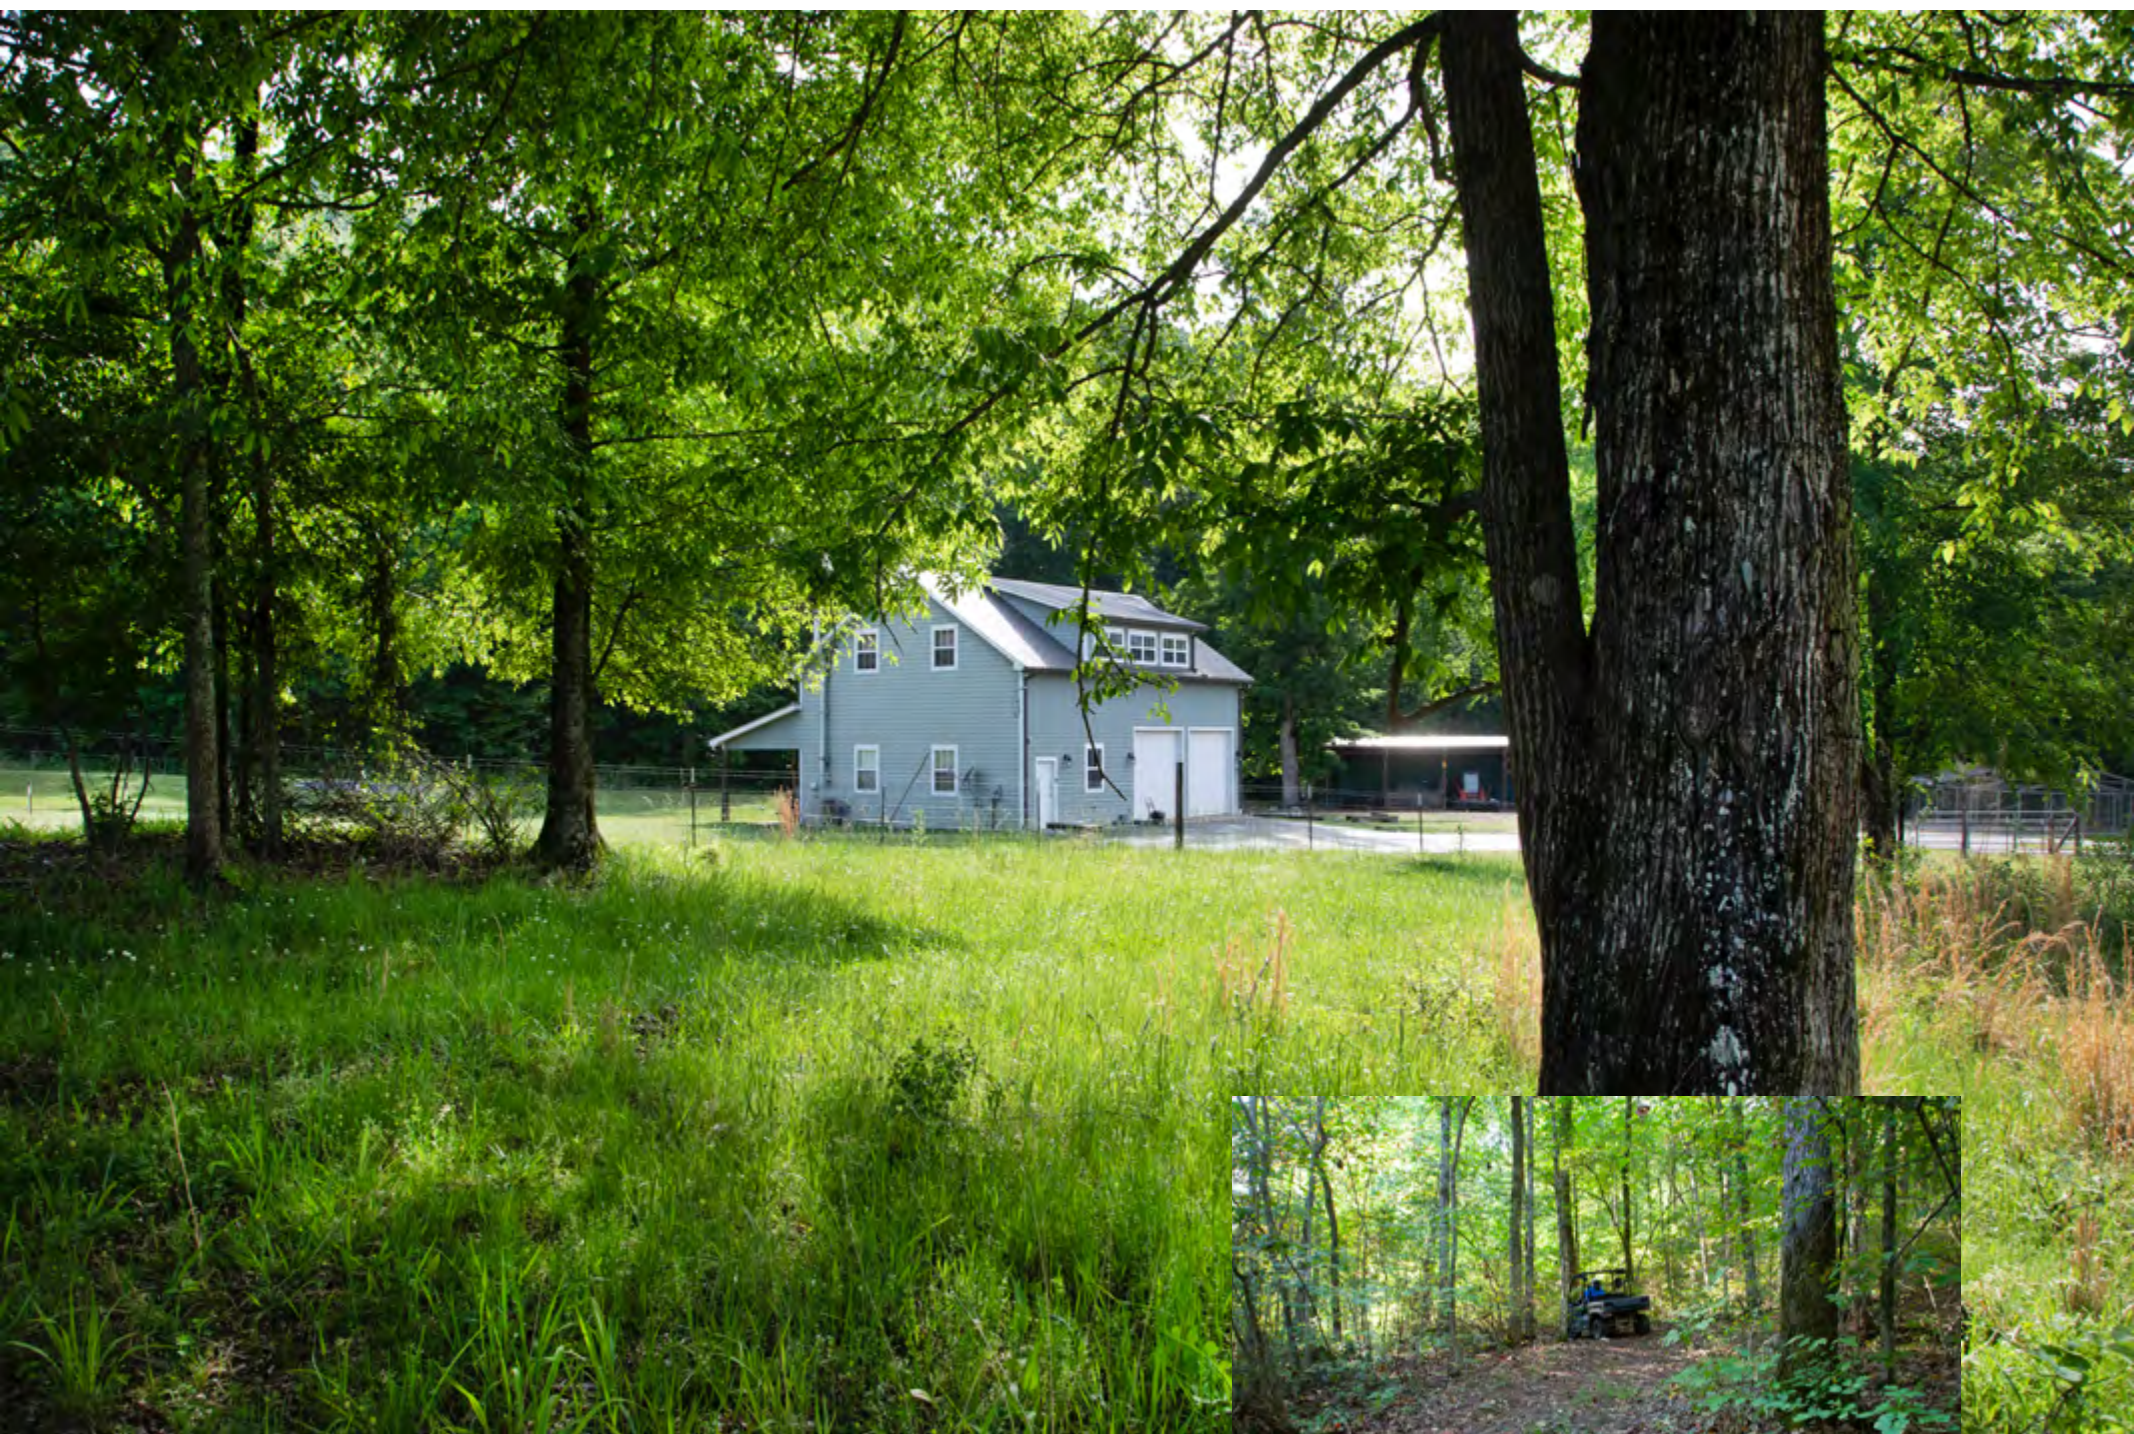

Cattle barn has a series of catch pens that can go with the farm if the buyer chooses.

This place is a working farm; the pastures are full and healthy and the hillside has abundant hunting.
