**ADDITIONAL NOTICES TO BUYER:**

- (1) The Texas Department of Public Safety maintains a database that the public may search, at no cost, to determine if registered sex offenders are located in certain zip code areas. To search the database, visit [www.txdps.state.tx.us](http://www.txdps.state.tx.us). For information concerning past criminal activity in certain areas or neighborhoods, contact the local police department.
- (2) If the Property is located in a coastal area that is seaward of the Gulf Intracoastal Waterway or within 1,000 feet of the mean high tide bordering the Gulf of Mexico, the Property may be subject to the Open Beaches Act or the Dune Protection Act (Chapter 61 or 63, Natural Resources Code, respectively) and a beachfront construction certificate or dune protection permit may be required for repairs or improvements. Contact the local government with ordinance authority over construction adjacent to public beaches for more information.
- (3) If the Property is located in a seacoast territory of this state designated as a catastrophe area by the Commissioner of the Texas Department of Insurance, the Property may be subject to additional requirements to obtain or continue windstorm and hail insurance. A certificate of compliance may be required for repairs or improvements to the Property. For more information, please review *Information Regarding Windstorm and Hail Insurance for Certain Properties* (TXR 2518) and contact the Texas Department of Insurance or the Texas Windstorm Insurance Association.
- (4) This Property may be located near a military installation and may be affected by high noise or air installation compatible use zones or other operations. Information relating to high noise and compatible use zones is available in the most recent Air Installation Compatible Use Zone Study or Joint Land Use Study prepared for a military installation and may be accessed on the Internet website of the military installation and of the county and any municipality in which the military installation is located.
- (5) If you are basing your offers on square footage, measurements, or boundaries, you should have those items independently measured to verify any reported information.
- (6) The following providers currently provide service to the Property:

Electric: BARTLETT ELECTRIC COOP  
Sewer: SEPTIC  
Water: SOUTHWEST MILAM WATER

## 746 S. FM 908 Rockdale, Texas 76567 Inspection Results

From: alison.kinnee@griptx.com

To: cmatous1@yahoo.com; papa\_john14@hotmail.com

Cc: sharon.henderson@griptx.com

Date: Wednesday, May 15, 2019, 7:09 PM CDT

We inspected the MH property at 746 S. FM 908 Rockdale, Texas 76567 on May 15, 2019 and it does need a retrofit in order to meet either the 1996 HUD Guidelines for FHA and VA loans or Texas Department of Housing and Community Affairs ( "TDHCA " ) guidelines for conventional loans.

1. The transverse anchors are not corrosion resistant as required by FHA/IIUD and TDHCA.
2. There are no longitudinal anchors at all... longitudinal anchors are required by FHA/HUD and TDHCA guidelines.
3. The cinderblock piers are mounted directly on the soil... this is allowed on existing homes.
4. The axles have been removed as required by FHA/HUD and TDHCA.
5. The tongues have been removed as required by FHA/IIUD and TDHCA.
6. The drainage is adequate as required by FHA/HUD and TDHCA.
7. The skirting needs the following in order to meet current FHA/HUD and TDHCA guidelines:
  - a. Skirting manway hinges and latch
  - b. Seller may do this... If the above skirting work is done before the retrofit, the seller will avoid a \$ 175.00 reinspection fee.
8. The modifications to the home do not meet current FHA/HUD guidelines... they do affect the structural integrity of the home
  - a. The front porch roof needs one (1) 4 X 4 support posts to remove porch roof load away from the MH.
  - b. The seller may do this prior to closing.

Our bid of \$2,777.09 for the scope of work below can, if or when you are ready, be sent by eparate email in Bid Contract Form, with a place for signature by the responsible party(ies).

1	Foundation Retrofit with Engineer Certification Report	\$2,395.65
2	Skirting Manway Hinges and Latch	\$175.21
3	Porch Roof Support Posts (1)	\$206.23
TOTAL		\$2,777.09

Payment for the retrofit work is due at closing or 30 days after completion, whichever is soonest.

**NOTE:** A retrofit has no bearing on the level of a home nor does it impair the integrity of the home in any way. Its purpose is solely to prevent wind forces from moving the home horizontally. A retrofit installed arm-tight is to secure the home from horizontal movement but to allow for normal, seasonal vertical ground movement. Such seasonal vertical ground movement may require releveling every 3 to 5 years.

While we allow and encourage the seller to complete most secondary items on their own prior to retrofit in order to save money, please note that our installers must install the retrofit if the client wishes for our engineer to issue the report. If the client wishes to have another company complete the retrofit, we highly recommend the client confirm that the installing company has an engineer that will sign off on their work. We can only issue engineer reports on retrofits installed by GulfTex Retrofit.

#### PROJECT INFORMATION
