Soils/septic system evaluation for proposed single family residence
Lot Sq Ft: 1,520,680

Mr. Davis,

Pursuant to your request on October 02, 2015 Keith Pelzel of Westside Septic Design, LLC (Westside) reviewed site and soil conditions on the above referenced site. Westside dug 3 test holes and examined the test holes. All test holes are suitable to support an on-site septic system. Below are the soil log profiles.

Soil log #1

00-03" Dark Gravely Loam

03-66" Extremely Gravely
Sand/Gravel

Soil log #2

00-24" Brown Loamy Medium Sand

24-67" Extremely Gravely
Sand/Gravel

Soil log #3

00-16" Brown Loamy Medium Sand

16-65" Extremely Gravely
Sand/Gravel

If you have any questions, do not hesitate to call. Thank you.

Sincerely,

Keith Pelzel
