SKEENAHP GAP ACRES, LOT # 12, 76 WEST LEFT ON SKEENAHP GAP RD., 8/10 MILE, LEFT ON STEENIS GAP RD.,  
ALMOST TO END, LAST GAP ON LEFT BEFORE END. Do not move house down slope set tank  
4-11-00 Tank ok or high enough to keep drainfield in  
area of spill vents

Hand-drawn schematic of a mechanical assembly on grid paper. The diagram shows a vertical shaft with a pulley at the top, a motor labeled "MOTOR" on the left, and a horizontal shaft with a pulley at the bottom. A curved line connects the two pulleys, labeled "drive?". Dimensions include a vertical distance of "10" between the pulleys, a horizontal distance of "20" from the motor to the vertical shaft, and a horizontal distance of "45" from the vertical shaft to the bottom pulley. A dashed line indicates a distance of "65" from the motor to the bottom pulley. Labels "drive?" and "shaft?" are present.
