Monitoring Agreement

Model Installed: Hoot Serial number: RC05-0040

Start Date: 8-10-2019 Installation Date: N/A

Service policy is for 1 year from start date.

The service policy shall provide the following:

1. An inspection service call every 3 months, which includes inspection, adjustment, and servicing of the mechanical and electrical component parts as necessary to ensure proper function.
2. An effluent quality inspection every 3 months consisting of a visual check for colors turbidity, scum overflow, and an examination for odors.
3. Homeowner is responsible for keeping aerobic chlorine in chlorinator. If chlorine test reveals no chlorine, a grab test is required. **Homeowner will be responsible for cost.**
4. If any improper operation is observed which cannot be corrected at that time, the homeowner shall be notified immediately in writing of the conditions and the estimated date of correction.

Violations of warranty: Include shutting off the electric current to the system for more than 24 hours. Disconnecting the alarm system, restricting ventilation to the aerator, overloading the system above its rated capacity, or introducing excessive amounts of harmful matter into the system, flooding by external means, insect or ant damage, or and other form of unusual abuse.

This policy does not include pumping sludge from unit if necessary.
Spray heads are covered for 30 days from manufacture defects only.
