

# Seller's Property Disclosure – Residential

**Notice to Licensee and Seller:** Only the Seller should fill out this form.

**Notice to Seller:** Florida law<sup>1</sup> requires a Seller of a home to disclose to the Buyer all known facts that materially affect the value of the property being sold and that are not readily observable or known by the Buyer. This disclosure form is designed to help you comply with the law. However, this disclosure form may not address every significant issue that is unique to the Property. You should think about what you would want to know if you were buying the Property today; and if you need more space for additional information, comments, or explanations, check the Paragraph 12 checkbox and attach an addendum.

**Notice to Buyer:** The following representations are made by Seller and not by any real estate licensee. This disclosure is not a guaranty or warranty of any kind. It is not a substitute for any inspections, warranties, or professional advice you may wish to obtain. It is not a substitute for your own personal judgment and common sense. The following information is based only upon Seller's actual knowledge of the Property's condition. Sellers can disclose only what they actually know. Seller may not know about all material or significant items. You should have an independent, professional home inspection to verify the condition of the Property and determine the cost of repairs, if any. This disclosure is not a contract and is not intended to be a part of any contract for sale and purchase.
