This product is not a survey, nor an instrument to make definitive Critical Area determinations. Water body features (rivers, streams, canals, etc.) have been partially revised to follow digital orthophotos and field observations by the County. All geo-datasets used to create this map have spatial uncertainties, including this depiction of tax parcels, zoning, and/or future land use features. Persons seeking the most current tax parcel, zoning, or future land use designations should consult the official files with the Snohomish County Assessor or the Department of the Planning & Development Services (PDS) respectively. For more information, please call (425) 388-3311, or visit PDS on the Internet at: <http://www1.co.snohomish.wa.us/Departments/PDS>
