The Homestead

Built in 1959 by The Baker family this home has fir wood flooring in the family room, bed room bathroom and office. VCT tile in dining /kitchen and ceramic tile in laundry room make it easy to clean , while new carpet in master bedroom adds warmth and softness. Original wood paneling and updated windows make The Homestead cozy and unique. A built -in reading nook, dining bench and custom office are one-of-a-kind features and a must see, plus you'll love the washtub sinks!
