NOTES

- 1) Ran all watercraft while I was there. They all run well.
- 2) DO NOT let anyone uncover any of the watercraft or go into the boathouse. Once we have an agreement, I will run all of the boats for the new owners. I left keys with a neighbor for security and access when required.
- 3) Sharon has photos of everything uncovered, please provide those as needed; or leave some glossies on the house counter.
