Failure to comply with the directives of the Committee concerning these matters is a breach of the covenants herein.

(e) the right of the Committee to enforce any and all rules, restrictions and/or regulations which are a part of these restrictions.

Section 2. Delegation of Use. Any owner may delegate, in accordance with the By-Laws, his right of enjoyment to the Common Area facilities to the members of his family, his

tenants, or contract purchasers who reside on his Lot.

Section 3. Title to and Obligations Regarding Common Area. Notwithstanding any provisions to the contrary, Declarant may retain the legal right to any Common Area until such time as it has completed improvements thereon and all necessary inspections by the applicable Contractor, Engineer, Utility Companies and/or the City, County or any other applicable inspection body have been satisfied OR until such time as, in the opinion of the Declarant and at its sole discretion, the Association is able to maintain the same.

(a) In this regard, unless otherwise provided herein, the Declarant hereby covenants for itself, its successors and assigns that title to the Common Area will then be conveyed to the Association at no cost (unless otherwise stated herein), at which time the Association shall then automatically assume responsibility for all obligations of Declarant relating to their respective portion or the Common Area. In addition, at the time of this conveyance, all construction warranties, if any, shall also be automatically transferred to the Association relating to the improvements forming a part of the Common Area and the Association shall indemnify and hold Declarant, its officers and partners, harmless from any expenses and/or damages of any kind associated with any and all repairs or damage to roads, utilities and any other Common Area improvements, with the Association (and each Owner) agreeing to contract and deal directly with the applicable third party (contractor, engineer, utility company or county) to remedy such repairs and damages.

(b) In connection with any conveyance of any Common Area from the Declarant to the Association, as set forth in these restriction, the Association shall take responsibility for the ownership and maintenance of any security gates or other security elements restricting access to the Subdivision (the "Security Elements"). Notwithstanding such conveyance, Declarant shall retain full and complete control of the operations of any such Security Elements regulating access to the Subdivision; it being understood that Declarant shall have the right to maintain control of the Security Elements and regulate access to the Subdivision as Declarant deems appropriate in Declarant's sole discretion until the earlier of the following: (1) the Subdivision is completely built out, with all lots having been conveyed to third parties and developed by completing construction of a residence thereon; or (2) Declarant specifically conveys control of the Security Elements over to the Association in writing.

(c) Until title to the Common Area has been conveyed to the Association by the Declarant, Declarant shall be entitled to exercise all rights and privileges relating to such Areas granted to the Association in this Declaration.

Section 4. Indemnification. The Association shall at all times from and after any turnovers of common area and/or management of the Association indemnify and hold Declarant, its officers and partners, harmless from any and all liability associated with any and all claims or damages of every kind arising out of the operations of the Properties or the Association. Additionally, Declarant, its officers and partners, may not be held liable in any way in its role of enforcing or failing to enforce any of the conditions of these restrictions, in protecting its rights

or in carrying out any of its duties or obligations. This indemnification shall include the Association payment of any and all expenses including the payment of any and all legal expenses, court costs, all costs associated with the protection of Declarant, its officers and partners, in any legal actions or proceedings or any other action of any kind. Declarant, its officers and partners, shall be shown as an additional insured on the Association liability insurance policy, which shall be in a form acceptable to Declarant and shall be maintained at the Association expense in an amount of not less than \$3 million. Said liability insurance requirement shall be in effect until at least three (3) years after (a) all of the common areas are turned over to the Association or (b) the entire development is completed and sold/built out, and any notes or agreements between Declarant and the Association have been paid in full.

Notwithstanding the foregoing, the indemnification of Declarant by the Association shall not include any obligation of construction of improvements in or upon the common areas, nor shall it include any obligation of performance contained within the plat for the subdivision or in any requirement of any county, governmental agency or regulatory board or commission in the obtaining of plat approval for the subdivision.

Section 5. Assignment By Declarant. Declarant shall have full right and authority to sell or assign its rights, duties and obligations under these restrictions in conjunction with a sale of all of its unsold lots or acreage within the Subdivision, and, upon any such action, Declarant shall have no further obligation or liability, implied or otherwise, hereunder.

ARTICLE V.

USES OF COMMON AREAS

Section 1. Easements of Enjoyment. Subject to the provisions of this Declaration, every member of the Association shall have a right and easement of enjoyment in and to the Common Areas; provided, however no member shall be deemed to have any right of access upon or across or the use of any lot not owned by such member, in connection with such easement of use or enjoyment of the Common Areas. Easements to the Common Areas shall be perpetual.

Section 2. Location of Common Areas. Properties owned in common areas are located as shown on the Subdivision Plats.

Section 3. Extent of Easements of Enjoyment. The right and easements of enjoyment created hereby shall be subject to the following:

(a) Planting; Obstructions. No planting, or gardening by Owners shall be permitted within the Common Areas, and no fences, hedges or walls or other obstructions shall be erected or maintained upon the Common Areas, except such as are installed by Declarant in connection with the construction of the initial improvements thereon, or such as are subsequently approved by the Board of Directors of the corporation.

(c) Borrowing of Money. The right of the Association to borrow money for the purpose of improving the Common Areas, or any part thereof, and to mortgage the Common Areas, or any part thereof. Declarant specifically reserves the right to lend money to the Association from time to time at commercially reasonable terms.

(d) Protection of Common Areas. The right of the Association to take steps as are reasonably necessary to protect the Common Areas, or any part thereof, against damage, condemnation or foreclosure.

(e) Easement for Access. The right of the Association or Declarant to abandon, modify, alter or relocate easements for ingress, egress, or regress, to, from and within the Properties and individual lots within the Properties.

ARTICLE VI.

HIDDEN SPRINGS OWNER'S ASSOCIATION AND COVENANTS FOR MAINTENANCE ASSESSMENTS

Section 1. Membership and Voting. Declarant shall take all steps necessary to create the Association to which Association the Declarant may assign or delegate on a permanent or temporary basis one or more of the rights, powers, obligations and duties of the Declarant under these restrictions. Every Owner of a Lot within the Properties shall be a member of the Association.

The Association shall have two classes of voting membership.

Class A: Class A members shall be all owners of lots with the exception of the Declarant and shall be entitled to one vote for each lot owned. When more than one person owns an interest in any lot, all such persons shall be members. The vote for such lot shall be exercised as they determine, but in no event shall more than one vote be cast with respect to any one lot hereunder.

Class B: Class B Members shall be those individuals or entities who are herein defined as Declarant, and for each Lot owned they shall be entitled to 115 votes on each matter coming before the Members at any meeting or otherwise. Once a Lot is sold to an individual or individuals who would be classified as Class A members, the 115 votes attached to that Lot shall be extinguished.

Section 2. Turnover. At any time after commencement of operations of the Association, at Declarant's sole discretion, the property owners may be required to take over the management of the Association and relieve Declarant of all duties associated therewith. Upon such "Turnover" by the Declarant, the property owners within the Subdivision will be required to choose their own Board of Directors to represent them and to manage the Association in accordance with the terms and conditions of these restrictions and to establish any and all bylaws, procedures and other management devices by which the Association shall operate. Any Board Members/Directors must be owners within the Subdivision.

Notwithstanding anything to the contrary, until such "Turnover" has taken place, the management of the Association shall be by Declarant, its staff, and agents retained by Declarant and assigned the task of management of the Association, and any expenses incurred in such management shall be reimbursed to Declarant by the Association. Said reimbursable expenses shall include the cost of Declarant's staff and/or agents for the time spent in the management thereof of this Association. From and after the time of such turnover, the Association shall indemnify and hold Declarant, its officers and partners, harmless from and against any and all claims or damages of every kind, arising out of the development and operations of the Properties or the Association.

Notwithstanding the foregoing, the Declarant shall "turnover" the common areas to the Association not later than one year after completion of construction thereof and the acceptance by the governmental entity having jurisdiction over the same. Until such time as the turnover occurs, Developer shall have the sole responsibility for the upkeep, construction, supervision, and maintenance of the common areas. Developer shall obtain casualty and/or general liability insurance policies for the common areas until such time as "turnover" occurs.

Section 3. Personal Obligation and Lien Rights Associated with Collection of Dues and Assessments. Each lot owner, by acceptance of a deed, whether or not it shall be so expressed in such deed, is deemed to agree to pay to the Association regular annual assessments and all other Association dues, fees, fines, assessments or charges of any kind, including special assessments for capital improvements, which may be established and collected as hereinafter provided.

(a) The annual and special assessments, together with interest, costs, and reasonable attorney's fees, shall be a charge on the land and shall be a continuing lien upon the property against which each such assessment is made. Each such assessment, together with interest, costs, and reasonable attorney's fees, shall also be the personal obligation of the person who was the owner of such property at the time when the assessment fell due. The personal obligation for delinquent assessments shall pass to any successors or assigns in title.

Section 4. Purpose of Assessments. The assessments levied by the Association shall be used to promote the recreation, health, safety, and welfare of the residents and/or owners of the Properties and for the improvement and maintenance of the Common Area. These expenses may include, but shall not necessarily be limited to, payment of taxes and insurance, construction, repair or replacement of streets, security gates and entry, and other improvements to the

Common Area, cost of trash and debris clean-up, street and lot cleaning, cost of professional or other outside services, and labor, equipment, materials, outside management and supervision necessary to carry out its authorized functions. Additionally, any other expenses which, in Declarant's sole discretion, are deemed necessary to uphold the Subdivision's property values and/or are for the overall betterment of the development and its appearance, shall be the responsibility of the Association and shall be paid out of assessments including, but not necessarily limited to, cost of security, lot cleaning, general maintenance and road cleaning.

Section 5. Initial Annual Assessment. Until adjusted pursuant to the terms as noted in this document, the maximum Annual Assessments shall be initially as follows:

- * Class A: \$ 1,500 per individual lot ;
- * Class B: \$ 25.00 per individual lot prior to "Turnover" and \$200.00 per each individual lot after "Turnover."

(a) From and after January 1 of the calendar year immediately following the conveyance of the first lot to an owner, the maximum Class A annual assessment may be increased each year by the Board of Directors by not more than 15% above the maximum assessment for the previous year without a vote of membership.

(b) From and after January 1 of the calendar year immediately following the conveyance of the first lot to an owner, the maximum Class A annual assessment may be increased above 15% by a vote of two-thirds (2/3) of the Class A members who are voting in person or by proxy at a meeting duly called for this purpose.

(c) The Board of Directors may fix the annual assessment at an amount not in excess of the maximum.

(d) In no event will Class B assessments stated above be altered or adjusted.

Section 6. Special Assessments. In addition to the annual assessments authorized above, the Board of Directors of the Association may levy a special assessment for the purpose of defraying the cost of any construction, reconstruction, repair or replacement of a capital improvement upon or which is a part of the Common Area, including fixtures and personal property related thereto, or for carrying out other purposes of the Association as stated herein or in the Articles of the Association.

Section 7. Notice and Quorum for any Action Authorized Under Section 5 and 6. Written notice of any meeting called for the purpose of taking any action authorized under Section 5 or 6 above shall be sent to all members not less than 30 days nor more than 60 days in advance of any meeting. At the first such meeting called, the presence of members or proxies entitled to cast sixty percent (60%) of all the votes of the membership shall constitute a quorum. If the required quorum is not present, another meeting may be called by the same notice requirement, and the required quorum at the subsequent meeting shall be one-half (1/2) of the

required quorum at the preceding meeting. No such subsequent meeting shall be held more than 60 days following the preceding meeting.

Section 8. Uniform Rate of Assessment. Any and all dues of the Association or special assessments must be fixed at a uniform rate for all lots owned by Class A Members and at a uniform rate for all lots owned by Class B Members, and may be collected on a monthly basis in lieu of annually by a majority vote of the Board of Directors, or by Declarant. In these restrictions pertaining to the Association dues or special assessments, it shall be construed to mean "monthly" whenever the above event occurs.

Section 9. Date of Commencement of The Annual Assessments. The annual assessments for any particular lot, by the Owners' Association provided for herein shall not commence until January 1, 2018.

(a) For billing purposes, the annual assessment period will be the 1st day of each January and shall commence as to each portion of the property on the first day of the month following the time of commencement, as noted above, and shall be prorated according to the appropriate membership class during the assessment period. All dues are payable in advance at the closing (or by billing if Lot already sold) up to the time of the next future billing. The Board of Directors shall fix the amount of the annual assessment against each Lot at least thirty (30) days in advance of each annual assessment period. Written notice of the annual assessment shall be sent to every Owner subject thereto.

(b) The Association shall, upon demand, and for a reasonable charge, furnish a certificate signed by an officer of the Association setting forth whether the assessments on a specified Lot have been paid. A properly executed certificate of the Association as to the status of assessments on a Lot is binding upon the Association as of the date of its issuance.

(c) Notwithstanding any other terms or conditions set forth in these restrictions, any expenses which are incurred by Declarant prior to the establishment of the Association, or prior to sufficient income being received from assessment billings, and which would normally be the responsibility of the Association, shall be reimbursed to Declarant from proceeds of the Association as funds become available from dues and assessments, but, in any case not later than 1 year after the time of establishment of the Association and/or the expense was incurred.

Section 10. Effect of Nonpayment of Assessments: Remedies of the Association. Any assessment not paid within thirty (30) days after the due date shall bear interest from the due date at the highest legal rate permitted by law to be charged the non-paying Owner, and in addition thereto, for each thirty day period thereafter for which the assessment shall remain unpaid, there shall be charged a monthly fee of \$20.00 per month. The Owners' Association may bring an action at law against the owner personally obligated to pay the same, or foreclose the lien again such Owners' Lot. No owner may waive or otherwise escape liability for the assessments provided for herein by non-use of the Common Area or abandonment of his Lot.

Section 11. Subordination of the Lien to Mortgage. The lien of the assessments provided for herein shall be subordinate to the lien of any first mortgage. The sale or transfer of any lot shall not affect the assessment lien. However, the sale or transfer of the Lot pursuant to a mortgage foreclosure shall extinguish the lien of such assessments as to payments which became due prior to such sale or transfer. No sale or transfer shall relieve such Lot from liability for any assessments thereafter becoming due or from the lien thereof.

Section 12. Exempt Property. All Common Areas and other portions of the Properties, if any, which are dedicated to public authorities shall be exempt from Assessment.

Section 13. Option to Cure. Declarant, or the Association, has the option, but not the obligation to perform any action required of any owner by these restrictions. In the event that Declarant or the Association elects to do so, all sums incurred by the Declarant or the Association in performing the required action shall be charged against the owner and if not paid within thirty (30) days after it is due said sums shall bear interest at the highest legal rate permitted by law to be charged the owner and shall be secured by a lien (the same as if said sums were due and/or assessments) on all Lots(s) owned by said owner. The Declarant or the Association may bring an action at law against the Owner of the lot subject to the assessment for payment thereof and/or bring an action to foreclose the lien which secures the assessment.

Section 14: Re-Subdivision, Consolidation or Modification of a Lot. For purposes of imposition of annual and/or special assessments, a lot shall be defined as a plot of land shown upon the recorded Subdivision Map of the Hidden Springs Subdivision recorded in Vol. 9, pages 79-81, Plat Records of Kendall County, Texas, and as recorded under Clerk's File No. 18-03295 of the Official Public Records of Kerr County, Texas, ("original platted lots") unless the imposition of annual and/or special assessment is modified as provided herein:

1. If two or more of the original platted lots have been consolidated and replatted, the resultant consolidated lot shall be subject to an assessment equal to that which would have been imposed upon the original platted lots;
2. In the event an original platted lot is re-subdivided into two or more lots, each of the re-subdivided lots shall be subject to an assessment for each subdivided lot as if it were an original platted lot;
3. In the event original platted lots are modified or revised and after such modification or revision the resultant lots are equal in number to the number of lots as originally platted, each revised or modified lot shall be subject to a single assessment.

ARTICLE VII.

ARCHITECTURAL CONTROL COMMITTEE

Section 1. Development Objectives. The aesthetic and ecological quality of the Properties requires that all improvements be compatible with other Improvements and be in harmony with the natural surroundings. To this end, an Architectural Control Committee (sometimes hereinafter called "the Committee") has been created as described in Section 2 of this Article. The Architectural Control Committee has the responsibility to carry out the goals and functions that have been adopted, and are described below, and which may be amended from time to time.

Section 2. Architectural Control Committee. The Architectural Control Committee shall be composed of three members selected and appointed by the Board of Directors of HIDDEN SPRINGS Homeowners Association and may include members of such Board. The Board of Directors shall have the exclusive right and power at any time, and from time to time, to create and fill vacancies on the Architectural Control Committee. The Committee reserves the right from time to time to file instruments in the Real Property Records of Kendall, Kerr and Gillespie Counties, Texas designating its then current composition.

Section 3. Goal of Architectural Control Committee. The goal of the Committee is to encourage the construction of improvements of good architectural design, quality and proper size compatible with Declarant's conceptual plan of traditional German style construction of homes which are customary to the Texas Hill Country. Improvements should be planned and designed with particular attention to the design and aesthetic appearance of the exterior and the use of such materials as will, in the judgment of the Committee, create an attractive and harmonious blend with existing Dwellings and the natural surroundings. The Committee may disapprove the construction or design of an improvement on purely aesthetic grounds where, in its judgment, such disapproval is required to protect the continuity of design or values of the neighborhood and of other homeowners, or to preserve the serenity and natural beauty of any surroundings. Prior judgments regarding such matters of design or aesthetics shall not be deemed binding upon the Architectural Control Committee if such Committee feels that the repetition of such matters will have an adverse effect on the properties.

Section 4. Function of the Architectural Control Committee. The Committee shall function as the representative of the owners for the purposes herein set forth as well as for all purposes consistent with the creation and preservation of a first class development. No improvement, as that term is defined in Article I of this Declaration, shall be erected, constructed, placed, altered (either by addition or deletion), maintained or permitted to remain on any portion of The Properties until plans and specifications, in such form and detail as the Committee may deem necessary, shall have been submitted to and approved in writing by such Committee. The Architectural Control Committee shall have the power to employ professional consultants and professional home owners management firms to assist it in discharging its duties. The decision of the Architectural Control Committee shall be final, conclusive, and binding upon

the applicant.

Section 5. Procedures of the Architectural Control Committee. The Committee may establish and publish from time to time reasonable administrative procedures and separate building guidelines covering residential and non-residential Improvements.

Section 6. Indemnity. The Association shall at all times indemnify and hold the committee and the committee members harmless from any and all liability associated with any and all claims or damages of every kind arising out of the actions, or omissions to act, of the committee and/or its members. The committee and its members shall be shown as an additional insured on the Association's liability insurance policy as provided under ARTICLE III. PROPERTY RIGHTS. Section 4., Indemnification. of the Declaration.

ARTICLE VIII.

SUBMITTAL AND APPROVAL PROCESS

Section 1. Design Submittal. The Owner must submit a design plan, which must adequately reflect to the Committee the true design quality of the proposed work. Final plans and specifications shall be submitted in complete form in duplicate and shall include a floor plan and all elevations of any proposed structure(s) and improvement(s) (including fences, walls, sign, pools, pool buildings, driveway design, motor courts, etc.), roof height, specification of materials, colors, textures and shapes. All measurements and dimensions, both interior and exterior, must be shown. (1/4"-1' minimum) Description of materials and finishes must be clearly indicated. The design plan shall include a plat of the owner's lot which shall specify the location of the improvements upon the lot.

Section 2. Basis of Approval. Approval of preliminary design plans and final plans and specifications shall be based upon the following:

- (a) The architectural and structural integrity of the design.
- (b) Harmony and conformity of the design with the surroundings both natural and built.
- (c) Adequacy of the design to conditions of the site.
- (d) Relation of finished grades and elevations to neighboring sites.
- (e) Conformity to specific and general intent of the Protective Covenants covering the subdivision of which the Lot in question forms a part.
- (f) Relation of improvements to improvements on neighboring sites.

- (g) Protecting the view from lots whose location provides distant views.
- (h) Central and elevated location of dwellings upon each lot.
- (i) Preliminary plans shall be submitted and approved by the Committee prior to proceeding with final plans and specifications. The preliminary plans shall include a section depicting the finished floor elevation relative to existing and finished grades within 10 feet beyond the front, side, and the back of the residence.

Section 3. Variances. Upon submission of a written request for same, the Architectural Control Committee may, from time to time, in its sole discretion, permit Owners to construct, erect, or install Improvements which are in variance from the covenants, restrictions, or architectural standards and setbacks which are provided in this Declaration or the applicable Protective Covenants or those which may be promulgated in the future. In any case, however, such variances must, in the Committee's sole discretion, blend effectively with the general architectural style and design of the community and must not detrimentally affect the integrity of The Properties nor harmony with the natural surroundings. No member of the Committee shall be liable to any owner for claims, causes of action or damages arising out of the grant of any variance to an Owner. Each request for a variance submitted hereunder shall be reviewed separately and apart from other such requests and the grant of a variance to any Owner shall not constitute a waiver of the Committee's right to strictly enforce the Covenants, Restrictions and architectural standards provided hereunder, against any other owner.

Section 4. Issuance of a Building Permit. Upon approval of final submittals, a building permit will be issued and construction may begin. All such permits must be prominently displayed at the job site and covered with clear plastic to prevent weathering. The issuance and acceptance of the building permit assures that:

- (a) Construction of an approved building will be completed within nine months from start of construction.
- (b) Construction will be in accordance with approved plans.
- (c) Any exterior changes after final approval of plans by the Architectural Control Committee must be approved in writing by the Committee prior to Construction of those changes.
- (d) Regular inspections may be made by a representative of the Committee.

Section 5. Failure of the Committee to Act. If the Architectural Control Committee fails to approve or to disapprove either the preliminary design plans or the final plans and specifications or to reject them as being inadequate within thirty (30) days after submittal thereof, it shall be conclusively presumed that such Committee has approved such preliminary

design plan or such final plans and specifications. If preliminary design plans or final plans and specifications are not sufficiently complete or are otherwise inadequate, the Architectural Control Committee may reject them as being inadequate or may approve or disapprove part, conditionally or unconditionally, and reject the balance.

Section 6. Limitation of Liability. Further, Declarant and Declarant's predecessors in title have heretofore granted, created and dedicated by several recorded instruments, certain other easements and related rights affecting the Properties. All dedications, limitations, restrictions, and reservations shown on the Subdivision Plat and all grants and dedications of easements and related rights heretofore made by Declarant and Declarant's predecessors in title affecting the Properties are incorporated herein by reference and made a part of this Declaration for all purposes, as if fully set forth herein, and shall be construed as being adopted in each and every contract, deed or conveyance executed or to be executed by or on behalf of Declarant conveying any part of the Properties.

Section 2. Reservation of Utility Easements. Declarant reserves unto Declarant and any public or private providers of utility services to the Subdivision, and their respective successor and/or assigns, perpetual easements (the "Utility Easements") for the installation and maintenance of utilities and all necessary appurtenances thereto, whether installed in the air, upon the surface or underground, along and within, (i) all Roadways, (ii) ten (10) feet along and outside of all boundaries of the Roadways, (iii) ten (10) feet of the rear, front and side boundary lines of all Tracts, and (iv) twenty (20) feet along the entire perimeter boundary of the Subdivision; with the authority to place, construct, operate, maintain, relocate and replace utility lines, systems and equipment thereon. Utility providers shall have all of the rights and benefits necessary and convenient for the full enjoyment of the rights herein granted, including, but not limited to the free right to ingress to, and egress from, easement areas, and the right from time to time to cut and trim all trees, undergrowth and other obstructions that may injure, endanger or interfere with the installation, operation or maintenance of utilities. Section 3. Changes, Additions, and Reservations. Declarant reserves the right to make changes in and additions to the easements described in this Article IV for the purpose of more efficiently and economically installing any Improvements. Further, Declarant reserves the right, without the necessity of the joinder of any Owner or other person or entity, (i) to grant, dedicate, reserve or otherwise create easements for utility purposes, (including, without limitation, water,

Section 7. No Liability for Damage to Improvements. Declarant shall not be liable to any Owner for any damage to any vegetation (including, without limitation, shrubbery, trees, lawns or flowers) or other Improvements situated within such easement area, as a result of any activity

relating to the construction, maintenance, operation, or repair of any utility lines or facilities in any such easement area. A provider of utility services shall not be liable to any Owner for any damage to any vegetation (including, without limitation, shrubbery, trees, lawns or flowers) or other Improvements situated within such easement area, as a result of any activity relating to the construction, maintenance, operation, or repair of any utility lines or facilities in any such easement area, except to the extent liability or obligation to repair any such damage arises out of this Declaration, or any State, County, or Municipal statutes, ordinances, rules or regulations, or the custom and practice of such utility provider. Prior to the construction of any utilities on a developed lot ("developed lot" shall mean any Tract which has a Single Family Dwelling constructed thereon), Declarant and the Association reserves the right to require that the utility provider pay the cost of repairing and restoring the easement area to the same condition as it was prior to construction.

Declarant shall have all of the rights and benefits necessary and convenient for the full enjoyment of the rights herein granted, including, but not limited to the free right of entry onto all Tracts for the purpose of construction and installation of any drainage channel, culverts and Water Retention Berms, and the right to cut and trim all trees, undergrowth and other obstructions that may interfere with the construction or installation of any drainage channels, culverts and Water Retention Berms. No owner of any Tract in the Subdivision may perform or cause to be performed any act which would alter or change the course of such drainage easements in a manner that would divert, increase, accelerate or impede the natural flow of water over and across such easements. More specifically, and without limitation, no owner may:

- (1) alter, change or modify the existing natural vegetation of the drainage easements in a manner that changes the character of the original environment of such easements;

(5) place, store or permit to accumulate trash, garbage, leaves, limbs or other debris within or upon the drainage easements, either on a temporary or permanent basis.

After the initial construction of any drainage channels, culverts and Water Retention Berms by Declarant, the Association shall have the right to, and shall be responsible for, the maintenance and repair of such drainage channels, culverts and Water Retention Berms to the extent required in order to cause them to adequately perform the drainage and water retention function for which they were initially constructed; provided that the Owner of a Tract on which a Drainage Easement, drainage channel, culvert and/or Water Retention Berm is situated shall be responsible for the normal, day-to-day maintenance of such areas on such Owner's Tract (including, without limitation, mowing such areas, and keeping such areas free from trash, garbage, leaves, limbs and other debris), and for any maintenance or repairs caused by any violation by such Owner of the restrictions provided for in these Declarations. The failure of any owner to comply with the provisions of this Section 1 shall in no event be deemed or construed to impose liability of any nature on the Association and/or Declarant, and such Association and/or Declarant shall not be charged with any affirmative duty to police, control or enforce such provisions. The drainage easements provided for in this provision shall in no way affect any other recorded easement in the Subdivision.

ARTICLE XV.

Upon receipt of such notice, the Association shall commence such repairs within thirty (30) days and shall diligently pursue the completion thereof.

Declarant, for itself, its successors or assigns, reserves the right to enforce these restrictive covenants, though it may have previously sold and conveyed all subdivided lots in the Subdivision controlled by these covenants. The reservation by Declarant or the Association of this right of enforcement shall not create a duty or obligation of any kind to enforce same, and neither Declarant nor the Association shall not be subjected to any claim, demand, or cause of action from any lot owner by virtue of not enforcing any restrictions herein contained.

The Association shall have the authority to employ self-help to enforce compliance with any provision of the Declaration. Notice of default or other violation of the Declaration and of the Association's intent to act pursuant to this provision shall be in the form and in the manner as required by Article XXXII. In the event of continuing noncompliance, a second notice, at least ten (10) days subsequent to the date of the mailing of the first notice, shall be sent to the noncomplying

property owner. Not sooner than thirty-five (35) days after date of the mailing of the original notice, the Association may send notice to the noncomplying property owner of the Association's intent to act to cure the noncomplying condition. Such notice shall be sent by United States Certified Mail, return receipt requested, and shall otherwise conform to Article XXXII of the Declaration. In the event the noncomplying condition continues from and after ten (10) days from the date of the mailing of the Association's intent to act to remedy the noncomplying condition, the Association may commence actions to remedy the noncomplying condition at the sole expense of the noncomplying property owner. The Association may avail itself of all methods for recovery of funds expended as provided under the Declaration including nonjudicial foreclosure as provided in Article XXVIII, of the Covenants.

ARTICLE XXVII.

ARTICLE XXVIII.

AMENDMENT

After "turnover" of the Association has occurred, the owners (but expressly excluding their respective mortgagee's, if any) of the legal title to sixty-seven percent (67%) of the lots within the Subdivision may amend the restrictions and covenants set forth herein (except for the terms and conditions of any loan or assessments due to Declarant by the Association) by filing an instrument containing such amendment, along with proof of the 67% consent, in the office of the County Clerk of Kendall, Kerr and Gillespie Counties, Texas.

Notwithstanding anything to the contrary, Declarant shall have the right at any time, at its sole discretion and without any joinder or consent of any other party, to amend this Declaration for the purposes of correcting any error, ambiguity or inconsistency appearing herein or for any reason whatsoever deemed necessary for the benefit of the overall development as determined by Declarant, in its sole discretion. Said amendment shall be effective upon filing the said amended restrictions with the County Clerk of Kendall, Kerr, and Gillespie Counties, Texas.

Section 1. To secure the payment of maintenance assessments and to ensure compliance with the applicable covenants, conditions, restrictions and easements set forth herein, each Owner, upon acceptance of his or her deed to a Lot governed by this Declaration conveys the Lot

to the Trustee hereinafter named, in trust, for so long as these covenants, conditions, restrictions and easements shall remain in effect, such conveyance operating as a Special Deed of Trust. If an Owner fails to tender payment of maintenance assessments or reimbursements when due, or if an owner fails to perform any of the Obligations under or maintain any condition required by this Declaration, the Association may perform those obligations, advance whatever funds may be required, and then be reimbursed by the Owner on demand for any sums so advanced, including attorney's fees, plus interest on those sums from the dates of payment at the highest legal rate permitted by law for the Owner. The sum to be reimbursed shall be secured by this Special Deed of Trust.

Section 2. If the Owner fails on demand to reimburse the Association for the sums advanced or for the assessments owed, and such failure continues after the Association gives the owner notice of the failure and the time within which it must be cured, as may be required by law or by written agreement, then the Association, as the Beneficiary of this Special Deed of Trust, may:
