If the answer to any of the items in Section 2 is yes, explain (attach additional sheets if necessary):

(Floors) One broken floor tile in the mudroom located around the floor a/c vent.

(Doors) The front door is original to the house and is slightly warped. The West pocket door track has shifted and must be gently lifted when opening and closing the door. (Windows) Most of the windows in this house are 100 years old, double hung and balanced with weights. Some are difficult to open. With many of the windows, only the bottom half of the window opens up and the top half of the window does not open down. Two windows in the upstairs foyer will pull slightly open, approximately 1/4", over time, if not blocked.

If the answer to any of the items in Section 3 is yes, explain (attach additional sheets if necessary):

(Previous Foundation Repairs) This house was originally located on Decker Lane just east of Austin and was moved to it's current location in 2002. The second story was removed and the first floor was moved to location in two parts. Once on the current property, new bell piers were poured to support the house, the house first floor was reconnected and lowered onto the new piers.

(Settling) A mudroom was added to the east side of the house a few years after the house renovations were completed.

Smithville received 29" of rain in 9 hours with hurricane Harvey in August, 2017. The mudroom pulled away at the connection to the house--enough to cause a gap approximately 1/4" wide--this was repaired.

(Previous treatment for termites or WDI) Termite damage to the underpinning of the house was found on the front porch and west porch steps--was treated when found--September 2019.

(Previous termite or WDI damage repaired) In 2023, the above mentioned underpinning of the house, was replaced and the south, west and north wooden porch steps were removed and redone as concrete steps.

Section 4. Are you (Seller) aware of any item, equipment, or system repair, which has not been previously disclosed in this notice?	. ,	
additional sheets if necessary):		

Section 5. Are you (Seller) aware of any of the following conditions?\* (Mark Yes (Y) if you are aware and check wholly or partly as applicable. Mark No (N) if you are not aware.)

## ADDITIONAL NOTICES TO BUYER:

- (1) The Texas Department of Public Safety maintains a database that the public may search, at no cost, to determine if registered sex offenders are located in certain zip code areas. To search the database, visit <a href="https://publicsite.dps.texas.gov">https://publicsite.dps.texas.gov</a>. For information concerning past criminal activity in certain areas or neighborhoods, contact the local police department.
- (2) If the Property is located in a coastal area that is seaward of the Gulf Intracoastal Waterway or within 1,000 feet of the mean high tide bordering the Gulf of Mexico, the Property may be subject to the Open Beaches Act or the Dune Protection Act (Chapter 61 or 63, Natural Resources Code, respectively) and a beachfront construction certificate or dune protection permit may be required for repairs or improvements. Contact the local government with ordinance authority over construction adjacent to public beaches for more information.
- (3) If the Property is located in a seacoast territory of this state designated as a catastrophe area by the Commissioner of the Texas Department of Insurance, the Property may be subject to additional requirements to obtain or continue windstorm and hail insurance. A certificate of compliance may be required for repairs or improvements to the Property. For more information, please review *Information Regarding Windstorm and Hail Insurance for Certain Properties* (TXR 2518) and contact the Texas Department of Insurance or the Texas Windstorm Insurance Association.
- (4) This Property may be located near a military installation and may be affected by high noise or air installation compatible use zones or other operations. Information relating to high noise and compatible use zones is available in the most recent Air Installation Compatible Use Zone Study or Joint Land Use Study prepared for a military installation and may be accessed on the Internet website of the military installation and of the county and any municipality in which the military installation is located.
- (5) If you are basing your offers on square footage, measurements, or boundaries, you should have those items independently measured to verify any reported information.
- (6) The following providers currently provide service to the Property:
