All (i) dedications,

limitations, restrictions, minimum setback lines, and reservations shown on the Subdivision Plat and (ii) grants and dedications of easements and related rights heretofore made by Declarant and/or Declarant's predecessors in title affecting the Property and currently of record in the Official Records of Uvalde County, Texas, and enforceable against the Property or are incorporated herein by reference and made a part of this Declaration for all purposes, as if fully set forth herein, and shall be construed as being adopted in each and every contract, deed or conveyance executed or to be executed by or on behalf of Declarant conveying any part of the Property, whether specifically referred to therein or not.

Section 2. Easements and Rights-of-Way. Declarant reserves the easements and rights-of-way as shown on the Subdivision Plat (collectively called the "Easements" and the portion of the Property designated on the Subdivision Plat for Easements being hereinafter sometimes called the "Easement Property") for the purpose of constructing, maintaining and repairing a road or any other utility Declarant sees fit to install in, across and/or under the Easement Property including ten (10) feet on each side of the tract lines and public roadways and twenty (20) feet wide around the Subdivision outside perimeter.

Section 3. Changes and Additions. Declarant reserves the right to make changes in and additions to the Easements for the purpose of most efficiently and economically installing the improvements and utilities within the Easement Property.

Section 4. Easements and Appurtenances. It is expressly agreed and understood that the title conveyed by Declarant to any Lot or parcel of land within the Property by contract, deed or other conveyance shall be subject to (a) the easements described in this Declaration for roadways or drainage, water, sewer, storm sewer, electric light, electric power, telegraph, cable television, telephone or other utility purposes and such conveyance shall not convey any interest

in pipes, lines, poles or conduits, or in any utility facility or appurtenances thereto, constructed by or under Declarant or any easement owner, or their agents through, along or upon the Easement Property, or any part thereof, to serve the Property, and (b) the right of Declarant, its successors and assigns, to maintain, repair, sell or lease such appurtenances (subject to the provisions of this Declaration) to any municipality, or other governmental agency or to any public service corporation or to any party (and such right is hereby expressly reserved).

Section 5. Installation and Maintenance. There is hereby created an easement upon, across, over and under all of the Property for ingress and egress in connection with installing, replacing, repairing, and maintaining all utilities, including but not limited to, water, sewer, telephones, electricity, and appurtenances thereto. By virtue of this easement, it shall be expressly permissible for the utility companies and other entities supplying service to install and maintain pipes, wires, conduits, service lines, or other utility facilities or appurtenances thereto, on, across and under the Easement Property and within any other public utility easements from time to time created, and from service lines situated within such easements to the point of service on or in any structure. Notwithstanding anything contained in this Section 5 of Article II, no sewer, electrical lines, water lines, or other utilities or appurtenances thereto may be installed or relocated on the Property until approved by Declarant. The utility companies furnishing service shall have the right to remove all trees situated within the Easements shown on the Subdivision Plat, and to trim overhanging trees and shrubs located on the portions of the Property abutting such Easements. Neither Declarant nor any utility company using the Easements herein referred to shall be liable for any damages done by them or their assigns, their agents, employees or servants, to fences, shrubbery, trees or flowers or other property situated

on the land covered by said Easements. With the exception of four utility poles with transformers located upon them, all utility systems shall be located underground.

Section 6. Emergency and Service Vehicles. An easement is hereby granted to all police, fire protection, ambulance and other emergency vehicles, and to garbage and trash collection vehicles, and other service vehicles to enter upon the Property (but not within buildings) in the performance of their duties. Further, an easement is hereby granted to the Association, its officers, agents, employees and management personnel to enter the Property (but not within buildings) to render any service.

Section 7. Underground Electric System.

[INTENTIONALLY DELETED]

Section 8. Surface Areas. The surface of Easement Property for underground utility services may be used for planting of shrubbery, trees, lawns, or flowers. However, neither the Declarant nor any supplier of any utility service using any portion of the Easement Property shall be liable to any Owner or to the Association for any damage done by them or either of them, or their respective agents, employees, servants or assigns, to any of the aforesaid vegetation as a result of any activity relating to the construction, maintenance, operation or repair of any facility in any such Easement Property.

Section 9. Inspection. There is hereby created an easement upon, across, over and under all of the Lots for ingress and egress in connection (except for the interior of a residential unit or other building(s)) for inspection of the Lots in order to verify the performance by Owners of all items of maintenance and repair for which they are responsible; for inspection, maintenance, repair and replacement of the Common Property for which the Association is responsible and accessible from such Lots; and to enable the Association, the Board, the ACC or any other

committee(s) appointed by the Board to exercise and discharge their respective rights, powers and duties under the Declarations and Bylaws of the Association.

Section 10. Access. In the event the Declarant or the Association elects to gate the entrance(s) to the Common Property each Owner, for itself and its family, invitees and licensees, acknowledges and agrees that there are no representations or warranties that the gate(s) will provide security and/or safety to Owners, their families, invitees and licensees. Each Owner and its family, invitees and licensees, assumes the risk that any such gate(s) may not provide security and/or safety and may restrict or delay entry into the Common Property by police, fire department, ambulances and other emergency vehicles and personnel. Neither the Declarant, the Association nor any director, officer, agent or employee of any of the foregoing shall be liable to any Owner, or its family, invitees or licensees for any claims or damages resulting, directly or indirectly, from the construction, operation, existence or maintenance of the gate(s).

Section 11. Views. Although certain Lots in the subdivision at any point in time may have views, no express or implied rights or easements exist for views or for the passage of light and air to any Lot. Neither Declarant or the Association makes any representation or warranty whatsoever express or implied, concerning the view which any Lot will have whether as of the date this Amended Declaration is recorded or thereafter. Any view which exists at any point in time for a Lot may be impaired or obstructed by further construction within or outside the Common Property or subdivision, including by construction of Common Property, construction by other Lot Owners and by the natural growth of landscaping.

ARTICLE III.

Property Subject to this Declaration

Section 1. Description. The real property which is and shall be held, transferred, sold, conveyed, and occupied subject to this Declaration consists of all of the Property, according to the Subdivision Plat (or any subsequently recorded plat thereof), which real property is sometimes hereinafter referred to as the "Existing Property".

Section 2. Mineral Exception. There is hereby excepted from the Property, and Declarant will hereafter except from all its sales and conveyances of the Property, or any part thereof, including the Lots and Common Properties, all oil, gas, and other minerals in, on, and under the Properties; but each such reservation shall be subject to the provision and requirements of Article XIII of this Declaration.

Section 3. Additions to Existing Property. Additional lands may become subject to the scheme of this Declaration in the following manner:

(a) Additions by Declarant. The Declarant, its successors and assigns shall have the right to bring within the scheme of this Declaration additional properties in future stages of development ("Additional Property") upon the approval of at least 67% of the Board of Directors present and voting, in its sole discretion. Any of the Additional Property authorized under this and the succeeding subsection of this Declaration shall be made by filing of record in the Official Records of Uvalde County, Texas, an amendment to this Declaration with respect to the Additional Property which shall extend the scheme of the Covenants of this Declaration to the Additional Property, and the execution thereof by all members of the Board of Directors shall constitute all requisite evidence of the required 67% approval thereof by the Board of

Directors present and voting. Any such amendment to this Declaration must impose an annual maintenance charge assessment on the Additional Property, on a uniform, per lot basis, substantially equivalent to the maintenance charge and assessment imposed by this Declaration, and may contain such complementary additions and/or modifications of the covenants and restrictions contained in this Declaration as may be applicable to the Additional Property and approved by the Board of Directors.

(b) Other Additions. Upon the approval of 67% of the Board of Directors present and voting, in its sole discretion, the owner of any property who desires to add it to the scheme of this Declaration, and to subject it to the jurisdiction of the Association, may file of record in the Official Records of Uvalde County, Texas, a document, joined in by the Board of Directors, which shall be an amendment to this Declaration upon the satisfaction of the conditions specified in subsection (a) above.

(c) Mergers. Upon a merger or consolidation of the Association with another association, the Association's properties, rights, and obligations may be transferred to another surviving or consolidated association or, alternatively, the properties, rights, and obligations of another association may be added to the properties, rights and obligations of the Association as a surviving corporation pursuant to a merger. The surviving or consolidated association shall administer the covenants and restrictions applicable to the properties of the other association as one scheme. No such merger or consolidation, however, shall affect any revocation, change or addition to the Covenants established by this Declaration or any amendment thereto.

ARTICLE IV.

The Association

Section 1. Organization. The Association was formed as a non-profit corporation under the laws of the State of Texas on October 26, 2016.

Section 2. Purpose. The purpose of the Association in general is to provide for and promote the health, safety, and welfare of the members ("Members" or "Owners"), to collect the annual maintenance charges and to administer the Maintenance Fund (as defined herein), to provide for the maintenance, repair, preservation, upkeep, and protection of the Common Property and such other purposes as are stated in the Certificate of Formation and By-Laws consistent with the provisions of this Declaration and all amendments thereto.

Section 3. Directors. The Association shall act through a three (3) member Board of Directors, which shall manage the affairs of the Association. The initial Directors of the Association were selected by Declarant by January 4, 2017. Each initial Director shall serve for an initial term of the earlier of (a) one (1) year from date of appointment, and thereafter, until his successor is duly elected and qualified or (b) until seventy-five percent of the Lots in the subdivision are sold, at which time an election shall be called to elect his successor. Upon the expiration of the term of the initial Directors, the Members shall elect a Board of Directors as provided for in the By-Laws. Any vacancy, from whatever cause, occurring in the Board of Directors during the initial three (3) year term shall be filled by appointment made by the remaining Director or Directors. The person appointed by the remaining Director or Directors to fill such vacancy shall serve for the remainder of the initial three (3) year term and until his successor is duly elected and qualified. The Directors shall have the power to select one or more advisory directors from the residents of the Subdivision to serve for such periods of time as the

Board of Directors shall deem appropriate, for the purpose of providing advice and counsel to the Board of Directors, provided that such advisory directors shall have no right to act on behalf of the Association.

Section 4. Members. Each Owner, whether one or more persons or entities, of a Lot shall, upon and by virtue of becoming such Owner, automatically become a Member of the Association and shall remain a Member thereof until his ownership ceases for any reason, at which time his membership in the Association shall automatically cease, but there shall only be one (1) vote per Lot. Declarant shall have always four (4) votes per Lot. Membership in the Association shall be appurtenant to and shall automatically follow the legal ownership of each Lot and may not be separated from such ownership. Whenever the legal ownership of any Lot passes from one person to another, by whatever means, it shall not be necessary that any instrument provide for transfer of membership in the Association, and no certificate of membership will be issued.

ARTICLE V.

Property Rights in the Common Properties and Common Facilities

Section 1. Members' Easements of Enjoyment. Subject to the provisions of Section 2 of this Article V, every Member shall have a common right and easement of enjoyment in and to the Common Property, and such right and easement shall be appurtenant to and shall pass with the title to each Lot.

Section 2. Extent of Members' Easements. The rights and easements of enjoyment created hereby shall be subject to the following:

(a) The right of the Association, in its discretion, to make, publish, and enforce reasonable rules and regulations shall be binding upon, complied with, and observed by each

Member. These rules and regulations may include provisions to govern and control the use of such Common Property by guests or invitees of the Members, including, without limitation, the number of guests or invitees who may use such Common Property or any part thereof at the same time; and

(b) The right of the Association to grant or dedicate easements in, on, under or above such Common Property or any part thereof to any public or governmental agency or authority or to any utility facility or equipment situated in any part of such Common Property and owned by the Association to any public or political authority or agency or to any utility company rendering or to render service to the Subdivision or any part thereof; and

(c) The right of the Association to enter management and/or operating contracts or agreements relative to the maintenance and operation of such Common Property in such instances and on such terms as its Board of Directors may deem appropriate; and

(d) The rights and easements existing, herein created or hereafter created in favor of others, as provided for in Article II and Article VI hereof, in this Declaration and in all amendments thereto; and

(e) The restrictions as to use of the Common Property provided for in Article IX hereof.

Section 3. Delegation of Use. Any member may delegate his right of use and enjoyment of the Common Property in the Subdivision, together with all easement rights granted to Members in this Declaration and all amendments thereto, to the members of his family, his tenants, guests (subject to Section 2 (a) above), or contract purchasers who reside on his Lot. The term "Member" is further defined to include and refer to the executors, personal representatives and administrators of any Member, and all other persons, firms or corporations

acquiring or succeeding to the title of the Member by sale, grant, will, foreclosure, execution, or by any legal process, or by operation of law, or in any other legal manner.

ARTICLE VI.

Annual Assessments

Section 1. The Maintenance Fund. All funds collected by the Association from the regular maintenance charges provided for in this Article VI, together with all funds collected by the Association from the regular annual maintenance charges imposed on the Lots in the Subdivision by this Declaration and all amendments thereto, shall constitute and be known as the "Maintenance Fund". The Maintenance Fund shall be held, used, and expended by the Association for the common benefit of all Members for the following purposes, to-wit: to promote the health, safety recreation, and welfare of the Members, including, without limitation, the installation, construction, erection, maintenance and relocation of improvements related to the enhancement and beautification of the Common Property, and any other areas provided by this Declaration or any amendment thereto to be developed or maintained by the Association, such as shrubbery, trees, walkways and street lights, and the construction, repair, maintenance and replacement of properties, services, improvements and facilities devoted to such purposes and related to the use and enjoyment of the Subdivision by the Members.

The Association may, in its sole discretion, give one or more of the purposes set forth in this Section 1 of Article VI preference over other purposes, and it is agreed that all expenses incurred and expenditures and decisions made by the Association in good faith shall be binding and conclusive on all Members.

Further, Declarant shall be entitled to be reimbursed from the Maintenance Fund for all ad valorem taxes and other assessments in the nature of property taxes fairly allocable to the

Common Property and accrued subsequent to the recordation of this Declaration, and prior to the date on which title to such Common Property and improvements, if any, thereon is conveyed to the Association by Declarant, which have been actually paid by Declarant.

Section 2. Covenant for Assessments. Each and every Lot is hereby severally subject to Three Hundred Fifty and No/100 Dollars (\$350.00) per annum per Lot (herein sometimes referred to as the "full maintenance charge") which shall run with the land, subject to increase and decrease and payable as provided in Section 5 below.

Each Owner of a Lot, by his claim or assertion of ownership or by accepting a deed to any such Lot, whether or not it shall be so expressed in such deed, is hereby conclusively deemed to covenant and agree, as a covenant running with the land, to pay to the Association, its successors or assigns, each and all of the charges and assessments against his Lot and/or assessed against him by virtue of his ownership, thereof, as the same shall become due and payable, without demand. The charges and assessments herein provided for shall be a charge and a continuing lien upon each Lot, together with all improvements thereon, as hereinafter more particularly stated. Each assessment, together with interest, costs, and reasonable attorneys' fees, shall also be the personal obligation of the person who was the Owner of the Lot at the time the obligation to pay such assessment accrued, but no Member shall be personally liable for the payment of any assessment made or becoming due and payable after his ownership ceases. No Member shall be exempt or excused from paying any such charge or assessment by waiver of the use or enjoyment of the Common Properties, or any part thereof, or by abandonment of his Lot or his interest therein. The Declarant will not be assessed any Maintenance Charge upon those lots which are owned by Declarant.

Section 3. The Annual Maintenance Charge. The annual assessments provided for herein shall commence on July 1, 2017. The assessments for each calendar year subsequent shall be due and payable to the Association in advance on July 1st of each year or as otherwise designated by the Board of Directors of the Association. Provided, however, that, upon the purchase of his Lot (as evidenced by the date of his contract of sale or deed, or his occupancy, whichever is earlier), each Member shall be obligated to pay to the Association a pro rata part of the applicable percentage (as determined pursuant to the terms hereof) of the regular annual maintenance charge assessed on such Lot, which shall bear the same ratio to the applicable percentage of the full annual maintenance charge as the number of full calendar months remaining in the year of purchase bears to twelve (12), and which shall be payable in full upon such purchase.

The Board of Directors may decrease or increase the amount of the regular annual maintenance charge or assessment provided for herein at any time and from time to time by the adoption of a resolution for such purpose, but no resolution increasing or decreasing the annual maintenance charge assessment shall become effective prior to the expiration of ninety (90) days from the date of its adoption, and the Owner of each Lot shall, within thirty (30) days from such effective date, pay to the Association or be credited by the Association for the proportionate part of such increase or decrease for the balance of the year in which such resolution is adopted; provided, however, that no resolution of the Board of Directors which fixes the amount of the regular annual maintenance charge or assessment at less than 90% of the amount assessed in the preceding calendar year, or in excess of one hundred ten (120%) per cent of the amount assessed in the preceding calendar year, shall become effective unless and until such resolution is ratified by the written assent of the Members of the Association who in

the aggregate then own at least sixty-seven (67%) per cent of the votes of the Members of the Association who are present and voting in person or by proxy at a special meeting of the membership of the Association called for his purpose and at which a quorum is present. The written assent or the vote of the Member must be given prior to the effective date of the resolution of the Board of Directors. No increase or decrease in the annual maintenance charge or assessment shall take effect retroactively.

If any resolution of the Board of Directors which requires ratification by the assent of the Members of the Association as above provided shall fail to receive such assent, then the amount of the regular annual maintenance charge or assessment last in effect shall continue in effect until duly changed in accordance with the above provisions.

Section 4. Quorum for any Action Authorized Under Section 3. The Quorum required for any action authorized by Section 3 of this Article VI hereof shall be as follows:

At the first meeting called, as provided in Section 5 of this Article VI hereof, the presence at the meeting of Members, or of proxies, entitled to cast sixty-seven (67%) per cent of all the votes of the membership shall constitute a quorum. If the required quorum is not forthcoming at any meeting, another meeting may be called and the required quorum at any such subsequent meeting shall be one-half (1/2) the required quorum at the preceding meeting, provided that such reduced quorum requirement shall not be applicable to any such subsequent meeting held more than sixty (60) days following the preceding meeting.

Section 5. Special Assessment for Capital Investments. In addition to the annual assessments authorized above, the Association may levy, in any assessment year, a special assessment applicable to that year only for the purpose of defraying, in whole or in part, the cost of any construction, reconstruction, repair or replacement of a capital improvement upon the Property, including fixtures and personal property related thereto, provided that any such assessment shall have the assent of sixty-seven (67%) percent of the votes of the Members who are voting in person or by proxy at a meeting duly called for this purpose.

Section 6. Duties of the Board of Directors. The Board of Directors shall fix the date of commencement and the amount of the assessment against each Lot or Owner for each assessment period at least thirty (30) days in advance for such date or period and shall, at that time, prepare a roster of the properties and assessments applicable thereto which shall be kept in the office of the Association and shall be open to inspection by any Owner. Written notice of the assessment shall thereupon be sent to every Owner subject thereto. The Association (or its agent) shall, upon demand at any time, furnish to any Owner liable for said assessment a certificate in writing signed by an officer of the Association, setting forth whether said assessment has been paid. Such certificate shall be conclusive evidence of payment of any assessment therein stated to have been paid.

The Board may, from time to time, adopt, amend and repeal rules and regulations pertaining to: (i) the management, operation, access and use of the Common Property, including any recreational facilities situated upon the Common Property; (ii) minimum standards for the maintenance of Lots; (iii) the health, safety or welfare of the Owners, (iv) restrictions on the use of Lots; and (v) the imposition of reasonable fines or penalties, provided such rules and regulations are not inconsistent with the provisions of this Declaration or the laws of the State of Texas.

Section 7. Liens to Secure Assessments. The regular annual maintenance charges, fees, penalties or assessments, as hereinabove provided for, shall constitute and be secured by a separate and valid and subsisting lien, hereby created and fixed, and which shall exist upon and against each Lot and all improvements thereon, for the benefit of the Association and all Members. The lien hereby created shall be subordinate and inferior to:

(a) All liens for taxes or special assessments levied by the city, county, and state governments, or any political subdivision or special district thereof; and

(b) All liens securing amounts due or to become due under any term contract of sale, or any mortgage, vendor's lien, or deed of trust filed for record, prior to the date payment of any such charges or assessments become due and payable; and

(c) All liens, including, but not limited to, vendor's liens, deeds of trust, and other security instruments which secure any loan made by any lender to an Owner for any part of the purchase price of any Lot and the improvements thereon, if improved, when the same is purchased, or for any part of the cost of construction, repairing, adding to, or remodeling the residence and appurtenances situated on any Lot.

Any foreclosures of any such superior lien under the power of sale of any mortgage, deed of trust, or other security instrument, or through court proceedings in which the Association has been made a party, shall cut off and extinguish the liens securing maintenance charges or assessments which become due and payable prior to such foreclosure date, but no such foreclosure shall free any Lot from the liens securing assessments thereafter becoming due and payable, nor shall the liability of any Member personally obligated to pay maintenance charges or assessments which become due prior to such foreclosure, be extinguished by any foreclosure.

Section 8. Effect of Non-Payment of Assessment. If any such annual charge or assessment is not paid within thirty (30) days from the date thereof, the same shall bear interest from the due date until paid at the highest interest rate allowed under the laws of the State of Texas, and, if placed in the hands of an attorney for collection or if suit is brought thereon or if collected through probate or other judicial proceedings, there shall be paid to the Association an

additional reasonable amount, but not less than ten (10%) per cent of the amount owing, as attorney's fees. The Association, as a common expense of all Members, may institute and maintain an action at law or in equity against any defaulting Member to enforce collection and/or for foreclosure of the liens against his Lot. All such actions may be instituted and brought in the name of the Association and may be maintained and prosecuted by the Association in a like manner as an action to foreclose the lien of a mortgage or deed of trust on real property.

Section 2. Collection and Enforcement. Each Member, by his assertion of title or claim of ownership or by his acceptance of a deed to a Lot, whether or not it shall be so recited in such deed, shall be conclusively deemed to have expressly vested in the Association, and in its officers and agents, the right, power and authority to take all action which the Association shall deem proper for the collection of assessments and/or for the enforcement and foreclosure of the liens securing the same.

ARTICLE VII.

Architectural Control Committee

Section 1. Approval of Plans. No building, structure, fence, wall, or other improvements shall be commenced, erected, constructed, placed or maintained upon a Lot, nor shall any exterior addition to or change or alteration therein be made until the detailed plans and specifications therefore shall have been submitted to and approved in writing as to compliance with minimum structural and mechanical standards, location and situation on the Lot, and as to harmony of external design or location in relation to property lines, building lines, easements, grades, surrounding structures, walks, and topography (including the orientation of the front and rear of any such building with respect to the Lot lines), by the Architectural Control Committee

("ACC"). The ACC may reasonably require structural, mechanical, electrical, and plumbing detail and the nature, kind, shape, height, exterior color scheme, materials to be incorporated into, and location of the proposed improvements or alterations thereto. Without limitation of the powers herein granted, the ACC shall have the right to specify requirements for each Lot as follows: minimum setbacks; the location, height, and extent of fences, walls, or other screening devices; color schemes; and the orientation of structures with respect to garage access and major entry and frontage. The ACC also shall have full power and authority to reject any plans and specifications that do not comply with the restrictions herein imposed or meet its minimum construction requirements or architectural design requirements or that might not be compatible, in the sole discretion of the ACC, with the design or overall character and aesthetics of the Property. The ACC may require a reasonable fee as determined by the Board of the Association, for performing the functions herein prescribed and may disapprove plans, specifications, designs and plot plans for failure to pay such fee. Such fees shall be used by the ACC to discharge actual expenses incurred by the ACC and any excess may be paid into the Maintenance Fund established herein.

Section 2. Failure to Approve Plans. In the event that the ACC fails to approve or disapprove an application for approval within sixty (60) days after the application is submitted, any fee payable pursuant to Subsection 1 above have been remitted, and all supporting information, plans and specifications requested by the ACC have been submitted to the ACC, the application shall be deemed to have been disapproved. The approval by the ACC of any construction, installation, addition, alteration, repair, change or other work pursuant to this Section shall not be deemed a waiver of the ACC's right to withhold approval of any similar

construction, installation, addition, alteration, repair, change or other work subsequently submitted for approval.

Section 3. Committee Membership. The ACC shall be initially composed of three (3) individuals who need not be members of the Association and who, by majority vote, may designate a representative to act for them. The ACC shall be appointed by the Declarant.

Section 4. Replacement. In the event of death or resignation of any member of said committee, the remaining member or members shall appoint a successor member or members, and until such successor member or members shall have been so appointed, the remaining member or members shall have full authority to approve or disapprove plans, specifications and plot plans submitted or to designate a representative with like authority.

Section 5. Minimum Construction Standards. In addition to the provisions of Article VI of this Declaration, the ACC may from time to time promulgate an outline of minimum acceptable construction standards, provided, however, that such outline will serve as a minimum guideline and such ACC shall not be bound thereby.

Section 6. Variances. Where circumstances, such as topography, location of property lines, location of trees, or other matters required, the ACC, by vote or written consent of a majority of the members thereof, may allow reasonable variances as to any of the covenants, conditions or restrictions contained in this Declaration under jurisdiction of such committee pursuant to this Article VII, on such terms and conditions as it shall require; provided, however, that all such variances shall be in keeping with the general plan for the improvement and development of the Property.

Section 7. Legal Compliance. The approval required of the ACC shall be in addition to, and not in lieu of, any approvals or permits which may be required under any federal, state or

local law, statute, ordinance, rule or regulation. The approval by the ACC of any construction, installation, addition, alteration, repair, change or other work shall not be deemed a warranty or representation by the ACC as to the quality of such construction, installation, addition, alteration, repair, change or other work or that such construction, installation, addition, alteration, repair, change or other work conforms to any applicable building codes or other federal, state or local law, statute, ordinance, rule or regulation.

ARTICLE VIII.

Other Easements

Section 1. The rights and duties of the Owners of Lots within the Property with respect to sanitary sewer and water, electricity, telephone and cable television lines and drainage facilities shall be governed by the following:

To secure the payment of such charges in the event of nonpayment by the Owner, a vendor's lien is herein and hereby retained against the Property in favor of the Association. Such vendor's lien shall be applicable and effective whether mentioned specifically in each deed or conveyance by Declarant or not.

Section 13. Antennas. No electronic antenna, satellite dish or signal reception device of any type shall be erected, constructed, placed or permitted to remain on any Lots, houses or buildings constructed in this Subdivision, without the prior approval of the ACC, which approval shall not be unreasonably withheld if the size, location or screening of same makes such device aesthetically acceptable to the ACC.
