Area Attractions

Cooney Reservoir

Cooney Reservoir covers 309 acres in Cooney State Park. It is 40 minutes south of Billings, making it a popular south-central Montana destination! With five campgrounds, three boat ramps, and a fish cleaning station, visitors are well-equipped for boating, playing in the water, camping, and fishing. Fishing is great for Walleye and Rainbow Trout. Enjoy the scenic mountain views while recreating.

Beartooth Highway

The famous Beartooth Highway has 68 miles of winding roads waiting to be navigated. This unique highway climbs to the highest elevation in both Montana and Wyoming! It's considered an All-American Road that holds a designation as one of the most beautiful in America. With switchbacks and glorious scenery, travelers can gape at wildlife and the snow-capped Northern Rocky Mountains. The highway tops out at the nearly 11,000-foot Beartooth Pass. The highway is traditionally open from Memorial Day through Columbus Day.

Yellowstone National Park

Yellowstone National Park is a short drive away where you can catch a glimpse of the rarely-seen grizzly and wolf at the Grizzly and Wolf Discovery Center. Visit geysers and the historic Old Faithful for sights that you will never forget. Get a taste of the wild, see where the wildlife roams, and enjoy all the amenities of a national park!

The Yellowstone River and Premiere Blue-Ribbon Fishing

This constant, unwavering river flows throughout the Yellowstone River corridor just as it has for centuries: in its natural state. It has not been dammed nor tamed and is the longest, free-flowing river as such in the lower 48 states. It meanders through a variety of scenery and various topographies from steep canyon walls to lazily flowing through farm country. Its fresh, clean waters provide fishing, floating, swimming, and rafting. The nutrient-rich areas surrounding the river are a paradise for wildlife making hunting good as well. Enjoy viewing wildlife such as bald eagles, elk, white-tailed deer, and black and grizzly bears. Certainly, you will want to take advantage of the world-class fishing known internationally as the best. These premier trout waters produce an abundance of big trout and the native Yellowstone cutthroat trout. In the upper half of the river, species found are cutthroat trout, rainbow trout, large whitefish, and brown trout. In the lower half or warmer waters, species found are large walleye, catfish, and sturgeon. The beauty of fishing the Yellowstone River is its length and ample space. Anglers are not crowded with others and have the length of the river to spread out.

The Yellowstone River Boat Float

Grab your gear and an oar and get in the water! The float begins at Livingston and then retraces the route of William Clark of the explorers Lewis and Clark. The float continues for a historical three days of camping and then ends in Columbus.

Red Lodge Mountain

One of Montana's best ski resorts, Red Lodge Mountain has short lift lines and reasonably priced lift tickets making it more appealing than others in the state. The mountain offers over 1,600 acres frequently dusted with fresh, untouched powder. Take some lessons, grab rentals, or dine at the main lodge's cafeteria. There is something for everyone at this winter wonderland.
