PERMIT TO CONSTRUCT A WELL

ISSUANCE OF THIS PERMIT DOES NOT CONFER A WATER RIGHT

CONDITIONS OF APPROVAL

- 1) This well shall be used in such a way as to cause no material injury to existing water rights. The issuance of this permit does not assure the applicant that no injury will occur to another vested water right or preclude another owner of a vested water right from seeking relief in a civil court action.
- 2) The construction of this well shall be in compliance with the Water Well Construction Rules 2 CCR 402-2, unless approval of a variance has been granted by the State Board of Examiners of Water Well Construction and Pump Installation Contractors in accordance with Rule 18.
- 3) Approved pursuant to CRS 37-90-137(2) on the condition that this well is operated in accordance with the Upper Arkansas Water Conservancy District Augmentation Plan approved by the Division 2 Water Court in case no. 92CW84. If this well is not operated in accordance with the terms of said decree, it will be subject to administration including orders to cease diverting water.
- 4) Approved for a well on a residential site of 11.69 acre(s) described as lot C, block 1-R, Country Meadows Estates Subdivision, Chaffee County.
- 5) The use of ground water from this well is limited to ordinary household purposes inside one single family dwelling, watering of up to four (4) head of large domestic animals and the irrigation of not more than 600 square feet of home gardens and lawn.
- 6) The maximum pumping rate of this well shall not exceed 15 GPM.
- 7) The annual withdrawal of ground water from this well shall not exceed 0.385 acre-feet (125,452 gallons).
- 8) The return flow from the use of this well must be through an individual waste water disposal system of the non-evaporative type where the water is returned to the same stream system in which the well is located.
- 9) A totalizing flow meter must be installed on this well and maintained in good working order. Permanent records of all diversions must be maintained by the well owner (recorded at least annually) and submitted to the Division Engineer upon request.
- 10) This well shall be constructed not more than 200 feet from the location specified on this permit.

NOTE: The Augmentation Certificate Number is 0508 (2002).
