Maurice A. Allen
Notary Public
County Clerk of Real County, Texas

In approving this plat for filing, the Commissioners Court in their order stated:
"That the plat of WEST PRONG ESTATES be approved provided in so doing Real County does not accept as County Roadways the road easements dedicated for public use and further that Real County does not assume responsibility for repair, maintenance, construction or reconstruction of roadways so dedicated and utilities."

I, Paul L. Bushong, a registered professional engineer, do hereby certify that this plat was prepared from an actual survey made on the ground under my supervision, and it is true and correct. I certify that on iron pin was set at each interior corner and each property corner.

PLAT OF WEST PRONG ESTATES REAL COUNTY, TEXAS

UTILITY EASEMENT

On and after the date of this plat, the installation and maintenance of all necessary underground utilities, whether installed in the air, upon the surface or underground, along and within ten (10) feet of the rear, front and side lines of all lots and/or tracts and in the street, alley, boulevard, lanes, and roads of the subdivision, and ten (10) feet along the outer boundaries of all streets, boulevards, lanes, drives and roads, where property lines of individual lots and/or tracts are deeded to the center line of said avenues. Nothing shall be placed or permitted to remain within the easement areas which may damage or interfere with installation and maintenance of utilities. The easement area of each lot and all improvements within it shall be maintained by the owner of the lot, except for those improvements for which an authority or utility company is responsible. Utility companies or their employees shall have all of the rights and benefits necessary or convenient for the full enjoyment of the rights herein granted, including but not limited to the right of ingress to and egress from said right-of-way and easement, and the right from time to time to cut all trees, undergrowth and other obstructions that may injure, endanger or interfere with the operation of said utility installations. The easement rights herein reserved include the privilege of anchoring any support cables or other devices outside said easement when deemed necessary by the utility to support equipment within said easement and the right to install any poles or cables over some portions of said easement and the right to install any long a line and to not prevent the construction of buildings on any of the lots and/or tracts of this subdivision.

ROAD & ACCESS EASEMENT

An easement is retained and provided for roads 60 feet wide.
