☐ PRETREATMENT - ☐ FULL ☒ PARTIAL - Specify Area _____

Treatment of the soil foundation for the control of subterranean termites. One-year guarantee. Federal law requires that the final treatment barrier be placed after all soil disturbance (such as landscaping, etc.) is complete. This information should be made available to the ultimate purchaser of the structure.

☐ PARTIAL TREATMENT WITH RENEWAL OPTION - One-year guarantee with option to renew annually up to 5 years. Annual Renewal Fee _____ (Plus Tax)

☐ **Pier and Beam:** Generally defined as the treatment of the outer perimeter including porches, patios, and attached garage. In the crawl space, treatment would include any soil to structure contacts as well as removal of any wood debris on the ground.

☐ **Slab Construction:** Generally defined as treatment of the perimeter and all known slab penetrations as well as any known expansion joints or stress cracks.

☒ **PARTIAL TREATMENT WITH NO RENEWAL OPTION** - Any treatment which is less than what is described in Partial Treatment above. This technique allows a wide variety of treatment strategies but is more involved than a spot treatment. (Example, treatment of a perimeter and bathtubs.) One-year retreatment guarantee on treated area(s) only.
Specify treated areas: _____

☐ **SPOT TREATMENT** - Any treatment which concerns a limited defined area less than 10 linear or square feet, that is intended to protect a specific location or "spot". One-year guarantee on specific area treated.
Specify treated area: _____

☐ **INSPECTION AGREEMENT** - Annual inspection and written findings submitted to owner complete with recommendations.

☐ **BAITING SYSTEM** - This type of treatment may include interior and/or perimeter placement of monitoring or baiting stations along with routine inspection intervals. The baiting technique may include one or more baiting locations as prescribed by the product label and instructions.

☐ **BARRIERS** - If a physical device is used, the square footage of the physical device must be recorded and a diagram describing the installation will be provided.
